Dear Bob:

I want to thank you for the very fine work you have been doing in the technical-political field on our behalf during the past several months. I know that some of the contacts you have been required to make in Washington have caused you personal inconvenience and have had to be made, in some cases, on short notice. We greatly appreciate your willingness to respond in these situations and to help keep the air contamination problem under reasonable control.

We are fortunate that you are willing and able to provide, where needed, a record of your experience to advise and instruct the new people in Washington who are moving into this area. So far, it would appear that all of these contacts have been most effective. Thanks for your efforts.

Sincerely,

George F. Kirby
