Dear Chuck:

The citizens in Bloomington who have worked so hard for such a long period of time on PCB issues are thrilled with the victory in the Nevada Power case. The team effort was extraordinary.

I understand that Tom Kotoske is demanding compensation. My personal opinion is that Mr. Kotoske was a hinderance to this litigation and I want to go on record on that point.

Say hi to Joy and the rest of the family.

Sincerely yours,

John R. Foster
