Dear Doctor Kehoe:

I hope you have received the material pertaining to disodium calcium versenate. We have, meanwhile, gathered additional experience, experimentally as well as clinically, and I shall be glad to send you copies of manuscripts if you would like to see them.

I regret very much that I shall not be able to attend your lecture to be given at the Medical School of the University of Pennsylvania on March 11.

With best regards, I am

Very sincerely yours,

H. Brieger, M. D.

Professor of Industrial Medicine
and Director of the Division
