SUBJECT: 1964 DESIGN ENGINEERING
SHOW INQUIRIES

To Members of the Lead Industries Association, Inc.:

Attached is a list of inquiries we received from the Design Engineering Show in which we exhibited recently at McCormick Place in Chicago, Illinois. The names are arranged alphabetically under state and city, according to subject of inquiry. A breakdown follows:

Lead-Acid Batteries.	67
Sound & Vibration Control. . . .	39
Solder.	11
Paint	6
Therm Coat	23
Ceramic Magnets.	59
General Design Information . . .	30
Miscellaneous.	19

We felt there was an exceptionally good turnout for the show and our display of lead and lead-bearing products stimulated considerable interest amongst designers for further information on lead. A photograph of our exhibit at the show is also attached.

Very truly yours,

Jerome F. Smith
