Dear John:

After many phone calls, I have been able to get a luncheon speaker for Thursday, 12 September, for the V.C.S.A. meeting. The speaker is from NASA. They have not chosen who the person will be yet but have guaranteed a speaker. Once they have chosen the person I will talk with him. The person will be from the Safety Department and will give a talk on safety and the space program.

I have discussed this matter with Joe King, and he has agreed this would be a good luncheon speaker. The cost to the V.C.S.A. will be for a one night stay at Innisbrook plus any meals incurred while at Innisbrook. There is no charge for the presentation itself. My guess on total cost is around \$100 to the V.C.S.A. This cost should be included in the assessment.

Yours very truly,

John P. Anderson
Vice Chairman
V.C.S.A.
