Subject: Oklahoma Ag Leadership Encounter visit to EPA

Sydney,

I got your email from Crystal. She said to shoot you an email about our upcoming trip to DC. We will be bringing the OK Ag Leadership Encounter. It is a group of 12 college Juniors and Seniors in the OSU College of Agriculture. The group spends the year learning about agriculture in Oklahoma and in April we always go to DC to learn Federal policy. We were hoping we could swing by EPA and meet with Administrator Pruitt for a brief period. We are coming to town April 2nd -4th and were hoping we could swing by EPA on Monday April 3 somewhere in the time period of 9am -12 pm. Clearly his schedule is far busier and more important than ours and we will make anytime he is available work. I have copied Kass Pfeiffer on this email as she is organizing the trip on our end. Thanks for your help on this and hopefully it can work out.

Thanks!

Tyler Norvell
