Dear Dr. Cooper:

I am delighted to have your letter of September 27th and to learn that, while you don't think you will be able to remain over in Chicago an additional day to visit this plant, you do nevertheless feel that such a visit can be arranged during one of the National Safety Council Convention days.

I think the time of such a visit had better be arranged through me as there are a number of people who are interested in this problem. Accordingly, I suggest that you call me at HARRISON 0808 Monday morning, October 7th between 9:00 and 10:00 A. M. so that I can first find out from you what day or half day will best work in with your convention schedule.

Very truly yours,

SAFETY & CLAIMS SERVICE, INC.
