Vinyl Chloride Technical Panel Members Sponsoring
University of Louisville Research

Ballot on Distribution of Transcripts of Research
Reviews Presented on June 14, 1978 at
University of Louisville

I agree with the recommendation that the subject transcripts should be distributed to non-sponsoring companies in an effort to secure broader sponsorship of the 1979-1980 University of Louisville research program.

I do not agree with the recommendation to distribute the subject transcripts to non-sponsoring companies.
