Also, Tate, can we look for a date anytime after November 6th through the 16th for Wheeler to give major policy speech? We have been getting great interest from both the minority and non-minority community.

Apologies* I meant the 17th or 18th. Do either of those dates work? The 16th no longer works on our end- apologies for any confusion.

Raynard- Nice seeing you today. Do you and Harry want to pitch us some days/times for a conference call on a potential, larger meeting next week? The 29-31 might be best on our end but defer to Michael. We will come prepared with October/ November dates then.

Harry- Raynard will bring you up to speed.
