Good morning Ryan:

I hope all is well and you are enjoying the challenges in your new position which I am sure consist of quite a few. I wanted to forward the attached letter that request a meeting with the Administrator by our association officers. Any help is appreciated.

Also, as you know James at Oklahoma Rural Water and I are at your disposal if we can assist you in any way. Let us know when you are back in OK and James has already committed to buy.

Thanks for all you have done and do for rural water.

Sincerely,

Sam Wade

Hey Courtney, would NAHB have costs to the home building industry expected or initially incurred due to cost of permitting or new permitting under Wotus?
