Georgia-Pacific Speed Set. The joint compound that understands your problems.

Speed Set understands.

It understands the problem asbestos can cause in a joint compound—so there hasn't been a spec of asbestos in Speed Set for more than two years of actual field use.

It understands your interest in time and money. So, Speed Set lets you pick from more than just one working time—whatever suits your needs best. (That's understanding!)

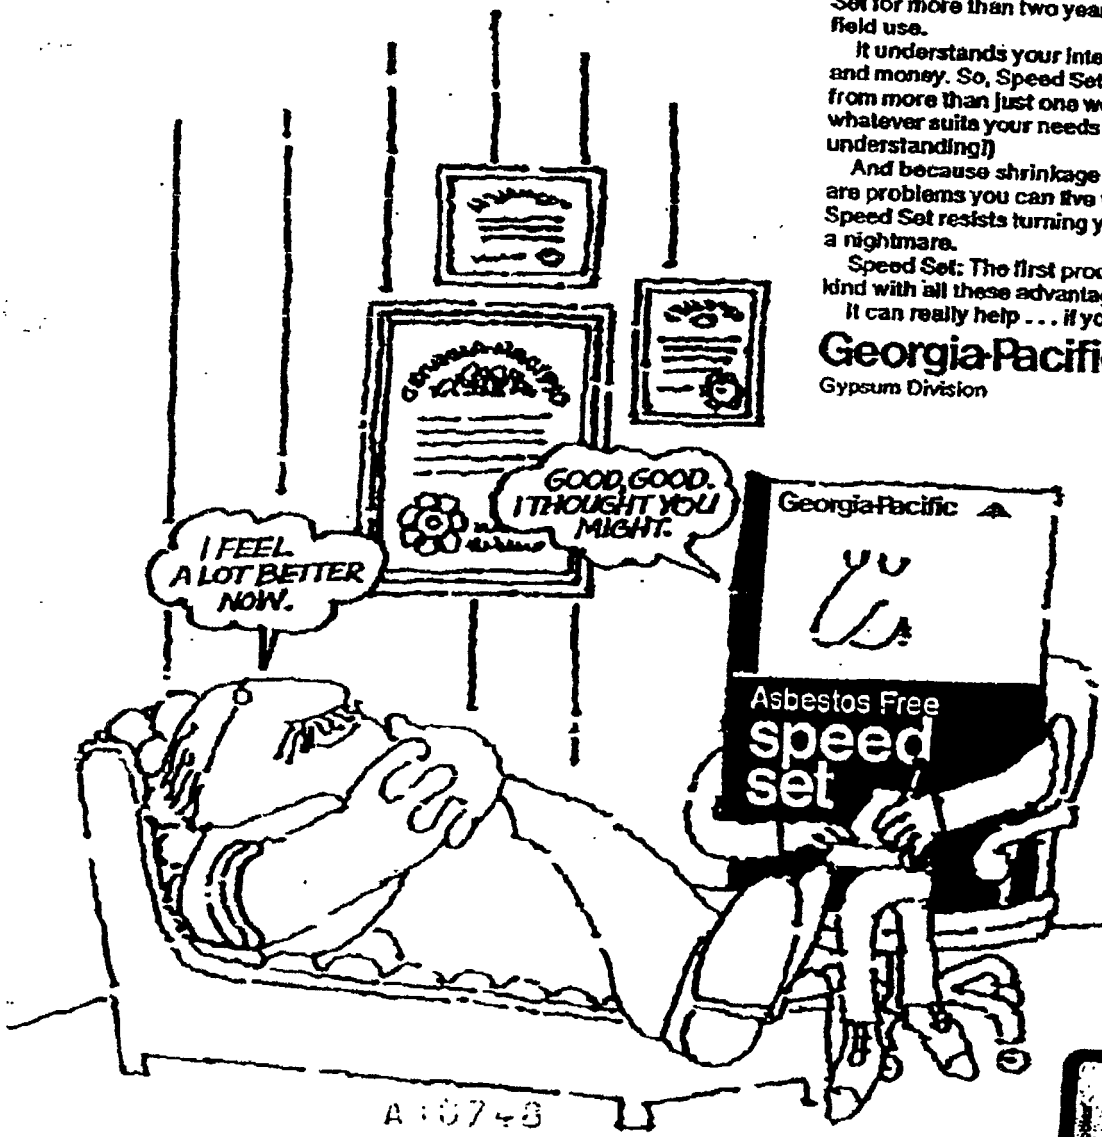

And because shrinkage and cracking are problems you can live without, Speed Set resists turning your job into a nightmare.

Speed Set: The first product of its kind with all these advantages.

It can really help . . . if you'll let it.
