

 ELANESE
CHEMICAL COMPANY, INC.

CHEMCEL PLANT

PEH-86

June 4, 1979

Mr. Bill Stewart, P. E.
Executive Director
Texas Air Control Board
8520 Shoal Creek Boulevard
Austin, Texas 78758

Dear Mr. Stewart:

The Celanese Chemical Company at Bishop plans to salvage about 2500 linear feet of steel pipe ranging in size from 1-inch to 12-inch diameter. This salvage operation will start June 18, 1979. The pipe is insulated with friable asbestos insulation, so insulation will be removed as the first step, and landfilled in the designated asbestos landfill located on the Plant site. All the precautions outlined in 40 CFR 61.22 will be observed.

This letter will serve as a notification of this work, as required by 40 CFR 61.22 (d) (2). The attached data sheet lists all of the pertinent data.

Please contact me if you have any questions or comments.

Very truly yours,

P. E. Hime
Plant Manager
