It was great seeing you Charlie, enjoyed the discussion. Copied on this email is Madeline Morris, who handles the Administrator's scheduling. She can get in touch about a potential visit. Thank you again, and please stay in touch!!

Hi Samantha,

I very much enjoyed meeting you and Administrator Pruitt at the ATR dinner last week and am following up on our invitation for the Administrator to visit our newly opened headquarters in Plano, TX, which is just outside of Dallas.

Occupying nearly 100 acres, our new campus will be home to 4,000 Toyota Team Members. It's economic impact to the city of Plano will exceed \$7 billion. Importantly, from your standpoint, our campus has employed exceptional environmental practices in order to meet LEED Platinum standards. We will use enough solar panels to produce up to 25% of our daily electricity needs, while additional energy will be generated by Texas wind farms. Using a unique rain harvesting system, we will collect up to 400,000 gallons of rainwater for use on the property.

I have attached a one-pager that describes these and other features of our new campus, along with a letter from the White House, applauding Toyota for its investment in Plano.

When I spoke with the Administrator before dinner, he seemed excited about the prospect of visiting our new facility and we would be excited and honored to have him tour our operations. Please let me know how best to proceed.

Again, it was a pleasure meeting you and having dinner together and I look forward to working with you in the future.

Sincerely,

Charlie Ing
