My dear Mr. Ecker:

I have delayed replying to your fine letter of April 24 about Dr. Lanza until I could speak to our medical people.

They asked me to say to you that the arrangement you suggest meets everything they could desire, and they think it very generous of you to be willing to do this.

I understand, of course, that you wish to defer final decision until Dr. Lanza's return, and I shall hope to hear further from you at that time. What we need is Dr. Lanza's great reputation and organizing ability, and I am sure that half-time service will give us everything that we need.

Cordially yours,
