Report on Sarnac Asbestos Tests

My memorandum of August 19 mentioned Dr. Lanza's guess that the story on Dr. Gardner's tests would, he thought, be in form for review by the first of November.

I recently talked with Dr. Lanza, who tells me that Dr. Vornwald, of Sarnac, will be here in New York within the next few days and he has hopes that the story will have been completed by that time. Dr. Lanza was not able to go to Sarnac recently as planned and hence he did not have the exact, up-to-date story.

J. P. Woodard
