RE: Geon 121x10

As you are both aware, we need to obtain FDA and USDA approval for this resin for Becton-Dickinson.

MATYGER: Please send a copy of the current recipe to W.C. Bachtel, Akron, D/0020, B/24-B. Also, include the methanol extract level.

MIKOFALVY: Please send a copy of any FDA information on the Abex 33 to W.C. Bachtel.

If there are any questions, please call me.

cc. W.C. Bachtel
