August 29, 1975

Dr. Eunice M. Moore
Electrical Utilities Company
LaSalle, Illinois 61301

Dear Dr. Moore:

Dr. Richard has asked that I send you a copy of the paper by Risebrough, etal, concerning the identification of chlorinated dibenzofurans in American polychlorinated biphenyls. A copy is enclosed with this letter.

He has also informed me that you have some trouble recycling MCS 1588. We had not been aware of this. I will call you to discuss the problem with you.

Sincerely,

Ralph H. Munch
Distinguished Science Fellow
Specialty Products R&D
