Tate,

I received the attached letter in the mail today from the EPA and we are incredibly disappointed by its contents. As you know, this has been a major issue for Iowa for quite some time now and we were hoping to have it resolved quickly.

We would like to schedule a phone call for next week with the correct people at EPA so that we can discuss exactly what additional information they are looking for and what we are able to give them.

Can you connect us with the correct people to get a phone call scheduled?

Thanks,  
Stephanie
