**Subject:** Here is the problem:

Kenneth,

I hope you had a chance to hear President Trump's words from last week's meeting with Heritage members. From his speech, it's clear he is on our side and even more clear that Congress is the problem.

**The clock is ticking for the Washington Establishment.** They need to make sure that conservative solutions for tax relief, government spending, and national defense become a reality *now*.

Republicans are supposedly representing you, and yet they don't listen. What has our Republican-controlled Congress done so far? They've failed to deliver on healthcare reform and dragged their feet on approving Trump's conservative judicial nominees, to name a few things. **Stand with Heritage and take on the Washington Establishment >>**

President Trump has made it clear that he will do what it takes to enact conservative policy solutions this year.

And with Trump in the White House and motivated conservatives on his side, momentum is building. But we need to stand together. **This is your opportunity as a conservative patriot to drain the swamp that has corrupted our political system for decades.**

Will you join us in standing with our President and taking on the Washington Establishment?

**Become a Heritage member today >>**

Thank you for all you do to drain the swamp.

Onward!

Ed Feulner  
President
