NITROGEN SUPPLY AGREEMENT

THIS AGREEMENT, made and entered into as of the first day of March 1981, by and between AIR PRODUCTS AND CHEMICALS, INC. a corporation organized and existing under the laws of the State of Delaware (hereinafter called "Seller") and SUN PETROLEUM PRODUCTS COMPANY, a division of Sun Oil Company of Pennsylvania, a corporation organized and existing under the laws of the Commonwealth of Pennsylvania (hereinafter called "Buyer").

WHEREAS, Seller operates facilities for the production, storage and supply of industrial gases at Nueces County, Texas (hereinafter called the "Facility") including an appurtenant pipeline system for distribution of nitrogen gas (hereinafter called "Nitrogen Gas") in the vicinity of the Facility (hereinafter called the "Distribution System"); and

WHEREAS, Buyer has a requirement for Nitrogen Gas at its plant at Corpus Christi, Nueces County, Texas (hereinafter called "Buyer's Plant") and is desirous of obtaining such requirements for Nitrogen Gas from Seller for use at Buyer's Plant, and Seller is desirous of selling and delivering Nitrogen Gas to Buyer, all upon the terms and conditions hereinafter set forth.

NOW THEREFORE, in consideration of the premises and the mutual covenants contained herein, it is mutually agreed as follows:

1. PIPELINE

1.1 Seller's extension of the Distribution System, together with related metering equipment and appurtenances, constructed and installed in, upon, through and across certain lands of Buyer, as shown on Seller's Drawing No. 8-5360-2910 dated 20 October, 1980, attached hereto and made part hereof as Exhibit A, shall hereinafter be collectively called the "Pipeline Branch."

1.2 Buyer agrees to grant to Seller, and does hereby grant, without charge therefor, the right and easement to install, maintain repair, alter, replace, use, operate and, at Seller's option, upon termination of this Agreement, to remove such parts of the Pipeline Branch as shall be located in, on, through and across the lands of Buyer, as indicated on Exhibit A hereto, and to permit the right of ingress and egress to and from such Pipeline Branch for the purposes of aforesaid at reasonable times. Buyer's grant of easement to Seller is set forth in the Easement Agreement which is attached hereto as Exhibit B and incorporated herein by reference.

2. DISTRIBUTION SYSTEM CAPABILITY AND NITROGEN GAS SPECIFICATION

2.1 The Distribution System will have the following delivery capability at standard conditions of 14.7 psia barometric pressure and 70°F ambient temperature, and the Nitrogen Gas shall have the specifications set forth below:

2.1.1 Nitrogen Gas Delivery Rate: 18,000 SCFH, but not to exceed a total of 13,000,000 SCF in any calendar month.

2.1.2 Delivery Pressure: 95 psig (Minimum)

2.1.3 Dew Point: Minus 40°F (Maximum)

2.1.4 Oxygen Content: 10 ppm (Maximum)

3. CONTRACT TERM

3.1 The "Contract Term" shall commence on the date of this Agreement and shall continue for an initial term of sixty (60) consecutive calendar months, (the "Initial Contract Term") and thereafter from year to year, unless terminated pursuant to Paragraph 16 hereof.

3.2 If Buyer elects to exercise the option to contract for additional quantities of Nitrogen Gas as set forth in Paragraph 4.2, the Initial Contract Term will be extended for an additional period of twenty-four (24) consecutive calendar months, or a total Contract Term of eighty-four (84) consecutive calendar months, and thereafter from year to year, unless terminated pursuant to Paragraph 16 hereof.

4. QUANTITY

4.1 During the Contract Term, Seller shall produce from the Facility and sell to Buyer, and Buyer shall purchase and accept from Seller, Buyer's requirements for Nitrogen Gas at Buyer's Plant up to the Nitrogen Gas Delivery Rate specified in Paragraph 2.1.1 (such requirements hereafter sometimes referred to as "Buyer's Requirements").

4.2 Buyer shall have the option to contract with Seller for additional quantities of Nitrogen Gas at any time during the Initial Contract Term, if such Nitrogen Gas is available in Seller's judgment from normal Facility production.

4.3 In the event the supply of Nitrogen Gas from the Facility and Distribution System is interrupted for any reason attributable to Seller, except those set forth in Paragraph 13.0, Seller shall supply Buyer's Requirements by vaporizing liquid nitrogen, at the then applicable price under Paragraphs 7.1.1, 7.1.2, 7.1.3, or 7.3 hereof.

5. DELIVERY

5.1 Seller shall deliver Nitrogen Gas to Buyer at the point of connection between the Pipeline Branch and the pipeline owned by Buyer at a point on the property of Buyer's Plant as shown on Exhibit A.

5.2 Seller agrees to deliver Nitrogen Gas at reasonably uniform rates of flow at the approximate rates specified by an authorized representative of Buyer. As promptly as is reasonably possible, Seller agrees to adjust the rate of delivery of Nitrogen Gas to such other rate within the capability of the Distribution System, as is specified by an authorized representative of Buyer.

6. MEASUREMENT AND CONTROL OF SUPPLY

6.1 The unit of volume of Nitrogen Gas for all purposes hereunder shall be one (1) cubic foot of gas measured at a standard temperature base of 70°F, at a pressure of 14.7 psia and dry. Such unit is hereinafter referred to as "standard cubic foot" or "SCF".

6.2 Seller shall install, operate and keep in repair at its own expense at the point of delivery, a meter or meters of suitable type for the measurement of the Nitrogen Gas delivered to Buyer hereunder. Buyer shall have access to such measuring equipment at all reasonable times, but readings for billing purposes, calibrations and adjustments thereof and changing of charts shall be the responsibility of Seller. Seller shall read the meters no less frequently than monthly and make such periodic tests as Seller may deem necessary. Buyer shall have the right to challenge the accuracy of said meters, and, when challenged, the meters shall be tested for sufficiency and accuracy by an authorized representative of both Buyer and Seller. In the event of a disagreement between Buyer and Seller as to the accuracy of any such meter as reflected by any such test, the meters shall be tested for sufficiency and accuracy by an authorized representative of the manufacturer of the metering equipment

in the presence of Seller's and Buyer's representatives. Costs of all tests shall be borne by the party requesting the test, except that if said meters are determined as the result of any such test to be inaccurate by more than two percent (2%), then Seller shall bear the costs of the test and corrections shall be made at the rate of such inaccuracy for any period of inaccuracy known or agreed upon, or if the period of inaccuracy is unknown, or not agreed upon, then for a period extending back one half ($\frac{1}{2}$) of the time elapsed since the last calibration, not exceeding in any event, however, fifteen (15) days.

6.3 The charts and records from said meters shall remain the property of Seller and shall be kept on file by Seller for a period of one (1) year from the date of origination. Upon request of Buyer, Seller shall submit to Buyer such retained records and charts, together with calculations therefrom, for Buyer's inspection and verification. Buyer may reproduce such records at its expense, however, all originals shall be subject to return to Seller within twenty (20) days from receipt thereof.

7. PRICE

7.1 Buyer agrees to pay Seller on a monthly basis during the contract term for all Nitrogen Gas supplied and purchased as follows:

7.1.1 Buyer shall pay Seller a price of \$0.13 per 100 SCF for Nitrogen Gas supplied up to the Nitrogen Gas Delivery Rate set forth in Paragraph 2.1.1, except as provided for in Paragraph 7.1.2.

7.1.2 Buyer shall pay Seller a price of \$0.08 per 100 SCF for any part of the Nitrogen Gas Delivery Rate set forth in Paragraph 2.1.1 which is supplied to replace production from Buyer's inert gas generators. The base price set forth in this

Paragraph 7.1.2 will be maintained until 1 November 1981, at which time such Nitrogen Gas will be priced as set forth in Paragraph 7.1.1.

7.1.3 If Buyer elects to exercise the option to contract for additional quantities of Nitrogen Gas as set forth in Paragraph 4.2, and Buyer and Seller agree to a revised Nitrogen Gas Delivery Rate in excess of 20,000,000 SCF per calendar month, Buyer shall pay Seller as set forth in Paragraph 7.1.1 for Nitrogen Gas supplied up to 20,000,000 SCF per calendar month, and a price of \$0.12 per 100 SCF for Nitrogen Gas in excess of 20,000,000 SCF per calendar month up to the revised Nitrogen Gas Delivery Rate.

7.2 The prices set forth in Paragraphs 7.1.1, 7.1.2, 7.1.3, and 15.2 shall be subject to adjustment as provided in Paragraph 9.

7.3 For all Nitrogen Gas supplied and purchased in excess of the Nitrogen Gas Delivery Rate set forth in Paragraph 2.1.1, Buyer shall pay a price in accordance with the provisions of Paragraph 15.

7.4 Except as provided in Paragraph 13.5, in no event shall Buyer pay Seller less than a monthly charge equal to payment for a minimum quantity of 4,000,000 SCF per calendar month of Nitrogen Gas.

7.4.1 If Buyer elects to exercise the option to contract for additional quantities of Nitrogen Gas as set forth in Paragraph 4.2; except as provided in Paragraph 13.5, in no event shall Buyer pay Seller less than a monthly charge equal to payment for a minimum quantity of not less than thirty-one (31) percent of the revised Nitrogen Gas Delivery Rate agreed to by Buyer and Seller.

8. TERMS OF PAYMENT

8.1 Commencing with the second month of the Contract Term, Seller shall invoice Buyer monthly for all charges incurred during the preceding month under this Agreement. Such invoices shall be net cash payable within fifteen (15) days after receipt by Buyer.

9. PRICE ADJUSTMENT

9.1 The prices of Nitrogen Gas set forth in Paragraphs 7.1.1, 7.1.2, 7.1.3 and 15.2 are based, in part, on the cost of electric power and maintenance required for the operation of the Facility. These prices shall be adjusted for changes in these costs in accordance with the following:

$$P = Pb \left(0.18 \frac{E_2}{E_1} + 0.29 \frac{M_2}{M_1} + 0.53 \right)$$

Where: P = Adjusted Price

Pb = Appropriate base nitrogen price

E₁ = 22.0 mils per KWH

E₂ = The adjusted cost of power in mils per KWH at the Facility during the billing period.

M₁ = The value of the Producer Prices for Industrial Commodities, as published by the U. S. Department of Labor in the U. S. Department of Commerce's "Survey of Current Business" for January 1979.

M₂ = The value of the Producer Prices for Industrial Commodities, as published by the U. S. Department of Labor in the U. S. Department of Commerce's "Survey of Current Business" for the current month.

9.2 In the event that the Producer Prices referenced in Paragraph 9.1 cease to be published as presently constituted, both parties shall mutually agree upon a suitable substitute index for the purposes of this paragraph.

S (B) 00648

9.3 Price adjustments set forth in Paragraph 9.1 shall be made on the first day of each calendar month during the Contract Term, and any extensions thereof, using the latest available electric power costs and published indexes. The price adjustment formula set forth in Paragraph 9.1 shall be shown on each monthly invoice, along with the new electric power cost and index causing the price adjustment. No price adjustments will be made for charges incurred on previous invoices, unless it is substantiated within twelve (12) months of Seller's issuance of such invoice that Seller's power cost applicable to such invoice was in error, in which case corrections shall be made to the applicable month's price adjustment, and a revised invoice will be issued.

9.4 The Nitrogen Gas prices set forth herein include Buyer's pro rata share, as of the effective date hereof, of any real and personal property taxes, including without limitation personal property taxes, applicable to the Facility, the Distribution System and the Pipeline Branch. Said prices shall be adjusted upward or downward, whichever the case may be, by that amount which is Buyer's pro rata share of any increase or decrease in any of said taxes, such increase or decrease resulting from changes in the tax rate in effect on January 1, 1980. Said price shall be adjusted upward by that amount which is Buyer's pro rata share of any special assessment of any kind whatsoever levied or assessed against the Facility after January 1, 1980. Any such adjustment shall be calculated in the manner set forth in this Paragraph, shall be made in December of each year during the Contract Term, shall be effective as of the following January 1 of each year and shall remain in force until changed pursuant hereto.

9.5 If at any time after the date of this Agreement any federal, state or other governmental agency or other authority, including the grantor of pipeline rights-of-way, requires that Seller modify the Facility or Distribution System or Pipeline Branch, for any reason, Seller shall promptly notify Buyer of such requirement and its estimated cost. The total cost of such modifications including (but not limited to) both fixed and variable costs, applicable overheads, general and administrative expenses and financing charges, all in accordance with Seller's normal accounting practice, shall be allocated to and paid by Buyer according to Buyer's pro rata share of such costs over the then remaining depreciable life of the Facility or the Contract Term, whichever is the longer of the two. Where such modification applies to the Pipeline Branch, the total cost will be allocated to and paid by Buyer according to Buyer's pro rata share of such cost to the total contract volume of nitrogen gas served thereby. Buyer's pro rata share of costs shall be added to the prices set forth in Paragraph 7.

9.5.1 Buyer shall have the right to review the amounts of the various costs incurred for such required modifications. In the event Buyer is not in agreement with such amounts, both parties shall use best efforts to mutually agree upon the correct amounts.

9.6 For purpose of Paragraphs 9.4 and 9.5 hereof, at any time during the Contract Term, "Buyer's pro rata share" shall be represented by a fraction, the numerator of which shall be the monthly Nitrogen Gas Delivery Rate, and the denominator of which shall be the maximum quantity of Nitrogen Gas which Seller is then obligated to supply or is then supplying (whichever is greater) to all of its contract customers from the Facility, including Buyer.

10. TAXES

10.1 Seller shall bear and pay all Federal, State and local taxes based upon or measured by its net income or gross receipts, and all franchise taxes based upon its corporate existence or its general corporate right to transact business.

10.2 Any other tax, howsoever denominated and howsoever measured, imposed upon the manufacture, storage, sale, transportation, delivery, use or consumption of the Nitrogen Gas purchased and supplied hereunder shall be paid directly by Buyer, or if paid by Seller, shall be invoiced to Buyer as a separate item and paid by Buyer to Seller.

11. WARRANTY

11.1 Seller warrants that the Nitrogen Gas delivered hereunder shall conform to the specifications set forth in Paragraphs 2.1.4 and 2.1.5, and that at that time of delivery, Seller shall have good title and right to transfer the same and that the same shall be delivered free of encumbrance.

11.2 EXCEPT AS SET FORTH IN PARAGRAPH 11.1, SELLER MAKES NO WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, IN FACT OR BY OPERATION OF LAW, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO ANY NITROGEN GAS SOLD HEREUNDER AS WELL AS WITH RESPECT TO ANY EQUIPMENT INCLUDING, BUT NOT LIMITED TO, THE PIPELINE BRANCH AND RELATED METERING DEVICES AND INSTRUMENTATION UTILIZED BY SELLER IN CONNECTION WITH THE PERFORMANCE OF ITS OBLIGATIONS HEREUNDER.

12. LIABILITY

12.1 The only liability of Seller for Nitrogen Gas not conforming to the specifications set forth in Paragraph 2 shall be the replacement thereof with conforming Nitrogen Gas at no cost to Buyer. Notice of claims for Nitrogen Gas not conforming to the specifications set forth in Paragraph 2, whether rejected or not rejected, shall be given to Seller's operating personnel promptly upon discovery by Buyer of the basis for such claim, with confirming written confirmation thereof within seven (7) days after such discovery (one (1) notice shall suffice for a continuing situation). Notice of claims as to nondelivery of Nitrogen Gas shall be given within ten (10) calendar days from the date fixed for delivery. Failure by Buyer to give timely notice as set forth above shall constitute a waiver by Buyer of all claims with respect thereto.

12.2 Except as provided in the last sentence of this Paragraph, Seller shall not be liable for direct, special, indirect, incidental or consequential damages of any kind arising from the presence or use of any of the Nitrogen Gas purchased and supplied hereunder whether such Nitrogen Gas is used singly or in combination with other substances, or otherwise arising out of this Agreement. Determination of the suitability of the Nitrogen Gas purchased and supplied hereunder for the use contemplated by Buyer is the sole responsibility of Buyer, and Seller shall have no responsibility in connection therewith. Buyer assumes all risk and liability for loss, damage or injury to persons or property of Buyer or third parties where such loss, damage or injury arises out of or in connection with the use or possession of the Nitrogen Gas after it is delivered to Buyer at the point of delivery. Seller assumes all risk

and liability for loss, damage or injury to persons or property of Seller or third parties where such loss, damage or injury arises out of or in connection with the use or possession of the Nitrogen Gas until it is delivered to Buyer at the point of delivery.

13. FORCE MAJEURE

13.1 Neither party shall be liable to the other in damages or otherwise for any default or delay in performance which is due to-strike, lock-out, concerted act of workmen or other industrial disturbance, fire, explosion, flood, or other natural catastrophe, civil disturbance, riot or armed conflict whether declared or undeclared, act of God, sufferance of or voluntary compliance with government action, order or decree, regulation of Federal, State or other government, breakdown of machinery or equipment (including but not limited to the Pipeline Branch) or the suspension or curtailment of the operation thereof for repairs, curtailment, shortage, rationing, allocation of or inability to obtain equipment, labor materials, transportation, energy or utilities, including interruption of electric power, delay of subcontractors or vendors, or other causes, whether of like cause or otherwise, beyond the reasonable control of the party affected thereby.

13.2 Neither party hereto shall be required to make any concession or grant any demand or request to bring to an end any lockout, strike or other concerted act of workmen.

13.3 In the event any cause described in Paragraph 13.1 affects only a part of Seller's ability to produce and/or deliver Nitrogen Gas

from the Facility hereunder, Seller may allocate production of Nitrogen Gas among the requirements of all its regular customers at that time in a fair and reasonable manner.

13.4 Any party affected by an event described in Paragraph 13.1 shall, promptly upon learning of such event and ascertaining that it will affect its performance hereunder, give notice to the other party, stating the nature of the event, its anticipated duration and any action being taken to avoid or minimize its affect. -

13.5 If during any month the deliveries of Nitrogen Gas hereunder do not equal the quantities provided in Paragraph 2.1.1, due solely to Seller's inability to deliver, Buyer's obligation to make the monthly minimum payment shall be reduced to the quantity of Nitrogen Gas actually available for delivery during such month.

13.6 Except as otherwise provided in Paragraph 13.5, nothing in this Paragraph 13 shall be construed as relieving Buyer of its obligation to make the monthly minimum payment to Seller as contemplated by Paragraph 7.4.

14. OPERATIONS OF BUYER

14.1 If, during the Contract Term, new operations or changes in existing operations of Buyer in the vicinity of the Pipeline Branch create, in the reasonable judgment of the parties, conditions which affect the safe or proper operation of the Distribution System including the Pipeline Branch, or affect the reliability of Seller's performance

hereunder, Buyer shall either correct such conditions or reimburse Seller for costs of additions, modifications or relocations of the Distribution System, as Seller may reasonably deem necessary, to alleviate such conditions.

15. ADDITIONAL REQUIREMENTS

15.1 If Buyer's Requirements for Nitrogen Gas from the Facility shall at any time exceed the Nitrogen Gas Delivery Rate, it is agreed that Buyer will purchase from Seller such additional quantities of nitrogen gas or liquid nitrogen, to the extent available for sale, in Seller's opinion, from the Facility or from other facilities of Seller. If Buyer's Requirements shall continue during periods of scheduled or unscheduled outages of the nitrogen generating equipment of the Facility, whether or not due to an event described in Paragraph 13.1, Seller shall use reasonable efforts to furnish Buyer's Requirements as are available for sale and delivery from other facilities of Seller.

15.2 If Nitrogen Gas is supplied from the normal gaseous production of the Facility, at a rate in excess of the Nitrogen Gas Delivery Rate as set forth in Paragraph 2.1.1, such nitrogen will be priced at \$0.16 per 100 SCF, subject to price adjustment as set forth in Paragraph 9.1.

15.3 If Nitrogen Gas is supplied from liquid nitrogen storage at the Facility, or from other facilities of Seller, at a rate in excess of the Nitrogen Gas Delivery Rate as set forth in Paragraph 2.1.1, such nitrogen will be priced at \$0.29 per 100 SCF, subject to price adjustment as set forth in Paragraph 15.4.

15.4 The price of liquid nitrogen set forth in Paragraph 15.3 will be adjusted by Seller by giving Buyer written notice at least thirty (30) days in advance of such adjustment. Should Buyer, however, furnish written evidence to Seller of Buyer's ability to purchase liquid nitrogen from others in like quantity and quality at a price lower than offered by Seller, and if Seller shall not agree to meet such lower price, or if the parties shall not otherwise agree to adjust said price, then Buyer may purchase such requirements from others.

16. TERMINATION

16.1 This Agreement may be cancelled by either party, during the first or any subsequent year, on account of any material default of the other party in carrying out the terms hereof, provided, that if the party so in default shall, within sixty (60) days after written notice thereof from the other party, cure such default, then the right of cancellation shall be nullified and of no effect; however, neither the failure of the party to terminate this Agreement with respect to a particular default nor the curing of any such default shall affect the right of such party to terminate this Agreement in the event of subsequent material defaults. Such cancellation shall be effective as of the date stated in such notice, which shall be not less than sixty (60) days nor more than one (1) year from the date of such notice.

16.2 Buyer shall have the option to terminate this Agreement at any time during the Contract Term because of a sustained deterioration in Buyer's Requirements for Nitrogen Gas. In the event Buyer elects to

exercise this option, Buyer shall notify Seller in writing six (6) months prior to the desired termination date and shall pay Seller a termination charge. Said termination charge shall be paid on the effective date of termination in the amount set forth below respective to the date of termination:

<u>Contract Years Completed</u>	<u>Termination Payment</u>
0	\$369,000
1	\$320,000
2	\$265,000
3	\$203,000
4	\$133,000
5	\$ 56,000
6	\$ 0

16.3 Unless sooner cancelled as hereinabove provided, this Agreement shall remain in full force and effect during the Contract Term and shall continue thereafter until terminated by either party upon twelve (12) months' prior written notice to the other.

16.4 Seller's obligations hereunder are subject to obtaining and maintaining suitable easements and rights-of-way for the Distribution System, including the Pipeline Branch, for a period of time which shall not be less than the Contract Term and any extension thereof. Seller shall use due diligence to maintain such easements and rights-of-way, provided Seller's costs to perform such maintenance do not exceed its current costs for easement maintenance. In the event Seller is unable

to obtain or maintain any such easement or right-of-way, and Buyer elects not to attempt to obtain or maintain, or is unsuccessful in its efforts to obtain or maintain any such easement or right-of-way, or if Seller is unable to operate the Facility, or complete construction on the Distribution System, including the Pipeline Branch, Seller may at its option (i) terminate this Agreement upon three (3) months' prior written notice to Buyer, without cost or liability to either party, or (ii) treat such inability as an event of force majeure under Paragraph 13.1.

16.5 If, at any time during the Contract Term, the combined consumption of Nitrogen Gas by Seller's customers from the Facility shall decline to a level which, in the judgment of Seller, renders continued operation of the Facility uneconomical, Seller shall have the right to terminate this Agreement on at least six (6) months' prior notice. In the event such notice is given, Buyer and Seller shall thereafter negotiate in good faith for the supply of Buyer's Requirements by the vaporization of liquid nitrogen at mutually acceptable prices, terms and conditions.

17. ITEMS TO BE FURNISHED BY BUYER

17.1 Buyer shall lease to Seller for one dollar a suitable fenced site at Buyer's plant for the location of the Meter Station along with the right of ingress and egress thereto for the installation, operation, maintenance, repair, replacement and removal of such station. A copy of such lease ("Meter Station Lease") is attached hereto as Exhibit C. Such site shall measure fifteen (15) feet by thirty (30) feet.

17.2 Buyer shall furnish a supply of necessary utilities for the operation of the Meter Station. The utilities shall be supplied and maintained by Buyer without cost to Seller.

18. INSURANCE

During the performance of all work hereunder, Seller shall take out, carry and maintain in insurance company or companies, and in policies of insurance, the following insurance with limits not less than indicated for the respective items: -

WORKMEN'S COMPENSATION AND OCCUPATIONAL DISEASE INSURANCE

- a. Including Employer's Liability Insurance, complying with laws of the State in which the work is to be performed or elsewhere as may be required. Employer's Liability Insurance shall be provided with a limit not less than \$300,000.

COMPREHENSIVE GENERAL LIABILITY INSURANCE

- b. Including Contractual Liability and Products-Completed Operations Liability as well as coverage on all Seller's equipment (other than motor vehicles licensed for highway use) owned, hired or used in performance of this contract with limits not less than:

\$300,000 - Bodily Injury & Property Damage combined
each occurrence and aggregate

- c. If performance of this contract requires use of motor vehicles licensed for highway use, Seller shall provide the following insurance:

AUTOMOBILE LIABILITY INSURANCE

Including Contractual Liability, covering all motor vehicles owned,

hired or used in the performance of this contract, with limits not less than:

\$300,000 - Bodily Injury & Property Damage combined
each occurrence

Should Buyer so request, Seller shall apply certificates evidencing coverage of such insurance during the terms of this contract.

19. WAIVERS

No waiver by either party of any breach of any of the covenants or conditions herein contained performed by the other party shall be construed as a waiver of any succeeding breach of the same or of any other covenant or condition.

20. ASSIGNMENT

20.1 This Agreement (including, without limitation, any payments by Buyer hereunder) may be assigned by Seller to any bank, trust company, insurance company or financial institution, or groups thereof under the terms of financing agreements, and this Agreement may be assigned to a successor of substantially all of the business and assets, or to a wholly-owned subsidiary of either of the parties or their parents, but this Agreement shall not otherwise be assignable or transferable by either Buyer or Seller without the prior written consent of the other, which will not be unreasonably withheld or delayed. Any such assignment shall not relieve the party making such assignment from any of its obligations hereunder. All covenants and provisions of this Agreement by and

for the benefit of the parties hereto shall bind and inure to the benefit of their respective successors and assigns as permitted by the provisions of this Paragraph 17.1.

21. NOTICES

Any notice or request given under this Agreement shall, if given to Seller, be addressed to:

Air Products and Chemicals, Inc.

**ALLIED CHEMICAL CORPORATION
CHEMICALS COMPANY ("SELLER")**

CONDITIONS OF SALE

1. Seller's weights (or Seller's measurements in case of material sold by volume) taken at shipping points shall govern.
2. If, in Seller's judgment, Buyer's credit shall become impaired at any time, Seller shall forthwith have the right to decline to make deliveries hereunder except for cash until such time as said credit has been re-established to Seller's satisfaction.
3. Any tax or other governmental charge upon the production, sale and/or shipment of the material sold hereunder, now imposed by federal, state or municipal authorities or hereafter becoming effective for or during the period hereof, shall be added to the price herein provided, and shall be paid by Buyer. In the event that the price of any material herein specified is charged for on a basis which includes transportation charges, any increase or decrease in transportation charges thereon shall be for Buyer's account.
4. Failure of Seller to make or of Buyer to take any delivery hereunder (or portions thereof) when due, if occasioned by (a) Act of God or the public enemy, fire, explosion, perils of the sea, flood, drought, war, riot, sabotage, accident, embargo; or (b) without limiting the foregoing circumstances, any circumstance of like or different character beyond the reasonable control of the party so failing; or (c) interruption of or delay in transportation, inadequacy or shortage or failure of normal sources of supply of materials or equipment, breakdowns, labor trouble from whatever cause arising and whether or not the demands of the employees involved are reasonable and within said party's power to concede; or (d) compliance by Seller or Buyer with any order, action, direction or request of any governmental officer, department, agency, authority or committee thereof, (including any direction or order restricting or limiting the selling price of the material specified herein or of any material produced in conjunction therewith or in connection with which such materials are used, which renders it impossible for Seller or Buyer, in its sole discretion, to make a reasonable profit on such production or use) or (e) any reduction of demand for one product produced in a co-product plant resulting in a limited supply of the second product; whether in any case the circumstance now exists or hereafter arises, shall not subject said party to any liability to the other and the total quantity to be delivered hereunder shall be reduced by the quantity of the delivery or deliveries (or portions thereof) so omitted. If by reason of any such circumstance Seller's supply of the material herein specified shall be insufficient to meet all requirements, Seller shall have the right at its option and without liability to apportion its available sales supply among any and all purchasers, including its affiliated divisions and companies, in such manner as Seller believes equitable. Notwithstanding the foregoing Seller shall be under no obligation to deliver product prior to Seller's written acceptance of Buyer's individual orders.
5. Seller represents that the material supplied hereunder shall conform to the description stated herein; and that said material shall be of merchantable quality, except Seller makes NO WARRANTY OF MERCHANTABILITY WITH RESPECT TO MATERIAL MADE PURSUANT TO BUYER'S SPECIFICATIONS. THERE IS NO WARRANTY THAT MATERIAL SUPPLIED HEREUNDER SHALL BE FIT FOR ANY PARTICULAR PURPOSE NOR IS THERE ANY OTHER WARRANTY, EXPRESS OR IMPLIED, EXCEPT SUCH AS IS EXPRESSLY PROVIDED HEREUNDER.
6. Seller represents that the use or sale of the material delivered hereunder does not infringe the claims of any United States patent, extant as of the date hereof, covering the material itself; but does not warrant against infringement by reason of the use thereof in combination with other material or in the operation of any process.
7. Seller shall not be liable to Buyer for damage to persons or property resulting from the use of said material in manufacturing processes, or in combination with other substances, or otherwise. Seller assumes no obligation or liability for any technical or safety advice it furnishes concerning the material, the parties agreeing that, unless otherwise agreed, all such advice is given without charge or warranty and accepted at Buyer's risk.
8. Claims on account of weight, quality, loss of or damage to said material are waived unless made in writing within 10 days after arrival thereof at destination, and any action for breach of this contract, other than for non-payment hereunder, must be commenced within one year of the date of delivery, or due date of delivery in the event of non-delivery, of the particular shipment upon which such claim is based. Seller's liability for damages, whether based upon Seller's negligence, breach of contract, breach of warranty or otherwise, shall not exceed the purchase price of the particular shipment with respect to which such damages are claimed and shall not include liability for special, incidental, indirect, punitive or consequential damages.
9. Carboys, drums, barrels, or other returnable containers are the property of Seller and are loaned to Buyer. Buyer shall make a deposit as security for the return of such containers, equal to Seller's current deposit charge therefor at time of shipment, such deposit to be paid when the invoice for the contents is paid. Buyer shall use such containers only for reasonable storage of Seller's material originally delivered therein, and shall promptly return same in good condition (f.o.b. Seller's shipping point, unless otherwise specified). Upon return of such containers, as above provided, Seller shall credit Buyer with the amount of said deposit; but if Buyer fails to so return such containers, Seller may refuse to accept same and may retain said deposit. Unless otherwise stipulated all tank car and tank truck forwardings shall be made in Seller's equipment, without expense to Buyer for such equipment, but Buyer shall pay Seller's usual charge for detention of each unit of Seller's equipment held over free unloading time allowed by Seller at point of consignment; and no reconsignment of Seller's equipment shall be made except with Seller's written consent.
10. Seller's waiver of any breach, or failure to enforce any of the terms and conditions of this contract, at any time, shall not in any way affect, limit or waive Seller's right thereafter to enforce and compel strict compliance with every term and condition hereof.
11. These conditions of sale shall not be modified, varied or supplemented except by a writing signed by the parties hereto, and no modification shall be effected by the acknowledgment or acceptance of purchase order or shipping instruction forms containing terms or conditions at variance with or in addition to those set forth herein, which varying or additional terms or conditions are hereby rejected unless expressly assented to in writing by Seller. Sales to which these conditions apply shall be governed by the laws of the State of New York (specifically by that State's Uniform Commercial Code).

EXHIBIT 4A

REV 6/81

ON-SITE PRODUCT MAINTENANCE SERVICE

I. Services Provided by Hewlett-Packard Co.

A. **On-Site Services.** Hewlett-Packard will provide at the Customer's site all travel, labor, parts and materials that it deems necessary to maintain in good operating condition those hardware products selected and itemized herein by product/system number. Replacement parts shall be new or their equivalent; replaced parts become the property of Hewlett-Packard. Services provided include and are limited to the following:

1. **Repair Service.** Repair Service includes the diagnosis and correction of product failures. Remedies may consist of temporary procedures to be followed by the Customer while a permanent remedy is being sought. Repair Service will commence during the period of coverage and will continue uninterrupted, as long as reasonable progress is being made, until the products are operational. If Hewlett-Packard determines additional parts or resources are required, service will resume as soon as these parts or resources are available.
2. **Preventive Maintenance.** Preventive Maintenance includes cleaning, adjusting, inspecting, and testing procedures designed to reduce product failure and/or extend useful product life. This maintenance will be performed according to the procedures and at the frequency recommended by Hewlett-Packard. Preventive Maintenance will be performed during the period of coverage on a mutually agreed upon schedule, or coincident with Repair Service.
3. **Engineering Improvements.** Hewlett-Packard may at times make Engineering Improvement modifications which it deems necessary to incorporate in the Customer's products covered under this exhibit. Such changes will be accomplished at Hewlett-Packard's expense during the period of coverage on a mutually agreed upon schedule or coincident with Repair Service or Preventive Maintenance.
4. **Limited Training.** For system operation, diagnostic and routine maintenance may be provided at Customer request during scheduled maintenance, repair, or installation visits.
5. **Installation.** For those products which include installation as an option to the Maintenance Service, installation will include system connection to utilities (per HP site preparation instructions), system operational verification and limited training.

B. **Periods of Coverage.** Hewlett-Packard will provide the service specified herein between 8:00 AM and 5:00 PM, Monday through Friday, excluding HP holidays.

C. **Response Time.** Response time for Repair Service under this Exhibit is measured in elapsed coverage days, from the day a

service request is received to the day an HP Service Representative arrives at the Customer's site. Typical response time will be the next day for Customers located in HP's travel zone 1-3 (within 100 miles of an HP Primary Service Responsible Office). Coverage can be provided for products outside of zone 3 at an additional charge. Response times for this coverage are established at time of order.

II. Responsibilities of the Customer

The Customer shall provide:

- A. Operating supplies, consumables such as paper, discs, magnetic tapes, ribbons, cards, thermal tapes, ink, pens, column and usage dependent "expendable" items described below:
 1. For all Analytical products: N/P Collectors
 2. For UV-Visible products: Source lamps
 3. For LC/LC Pump Ball Valves & I.C. Filter Frits
 4. For GC/MS Jet or Membrane Separators, Source Filaments, and Electron Multiplier
- B. Routine operator maintenance and cleaning as specified during installation or in the HP Operating and Service Manuals.
- C. Access to the products to perform maintenance during the specified periods of coverage.
- D. Adequate working space around the products for servicing by Hewlett-Packard personnel.
- E. Access to and use of all information and facilities determined necessary by Hewlett-Packard to service and/or maintain the products. (Insofar as these items may contain proprietary or classified information, the Customer shall assume full responsibility for safeguarding and protection from wrongful use.)
- F. A representative of the Customer to be present at all times service is being performed by Hewlett-Packard. HP personnel will not enter or remain at the facility in the absence of a representative.

III. Invoicing Schedule

Invoicing for the charges will be on a monthly, quarterly, or annually in advance as specified herein. The initial invoice will be dated on the commencement date of the service. Subsequent invoices will cover the period for each period.

Price changes due to additions and deletions of product under this Exhibit will be prorated and in advance. Additions or deletions occurring during an invoice period will be prorated for that portion of the period prior to the date of the next invoice.

Minimum invoice amount for any period shall be \$20.00.

CUSTOMER SUPPORT SERVICES AGREEMENT

AGREEMENT BETWEEN Sun Petroleum Products Co.
HEWLETT-PACKARD COMPANY

AGREEMENT NO. CSSA017830318
EFFECTIVE DATE Feb 1, 1981

1. GENERAL INTENT

Hewlett-Packard Company ("HP") will provide support services described herein to the extent these services are ordered by the Customer. Detailed descriptions of the support services offered are contained in the Exhibits which are attached or subsequently added. The Customer may authorize support services as a part of the initial Agreement or by subsequent orders. The Agreement will continue in effect until terminated by either party.

2. ELIGIBLE PRODUCTS

- The Customer represents that it is the owner of the products which are to be supported under this Agreement, or has authority from the owner to include such products under this Agreement.
- Only HP products which are in normal operating condition, and as applicable those products which are currently at HP's specified revision levels, are eligible for coverage under this Agreement. If, in HP's opinion, maintenance of any product is required to return it to normal operating condition or to bring any applicable product to the specified revision level, HP will offer to perform such work at standard service rates prior to placing the product on this Agreement.

3. ORDERS

- The Customer may initially order support services to commence upon the Effective Date of the Agreement and thereafter may at any time issue orders for additional services, delete services previously ordered, or add or delete products to be supported. All orders are subject to acceptance by HP. The support services charges shall be adjusted appropriately in accordance with paragraph 10.
- Orders must reference this Agreement and applicable Exhibits, list services being ordered and products supported, and show the desired Commencement Date for services, invoicing instructions, and purchase order number or similar identifier. Orders should be sent to the office designated by HP. Throughout this Agreement, "orders" shall be understood to mean purchase orders, change orders, letters and signed Exhibits which authorize services, and any other written authorizations.

4. CONDITIONS OF SERVICE

HP shall be under no obligation to furnish support services under this Agreement should repair be required because of: (1) improper use; (2) natural disasters such as flood or earthquake; (3) strikes, riots, or acts of war or nuclear disaster; (4) repairs, maintenance, modifications, or relocation and reinstallation made by other than HP personnel or without HP's supervision and approval; (5) unusual shock or electrical damage, accident, fire or water damage, neglect, air conditioning failure, humidity control failure, a corrosive atmosphere harmful to electronic circuitry, damage during transportation by the Customer, or causes other than ordinary use; and (6) failure by Customer to maintain the site specifications recommended by HP. If support services are required as a result of the causes stated above, such service shall be provided at HP's standard service rates for labor, travel, and material in effect at the time of service.

5. MODIFICATIONS TO PRODUCTS

HP may, at its option, with no additional charge to the Customer, make modifications to improve the operation and/or reliability of the products being serviced under this Agreement.

6. RELOCATION OF PRODUCTS

- The Customer shall give HP thirty (30) days written notice prior to any relocation of products covered by on-site support services being provided under this Agreement.
- Products moved to a location within the contiguous United States shall continue to be serviced under this Agreement. The response time and charges will be adjusted to reflect the new location.
- Products moved outside the contiguous United States may continue to be serviced under this Agreement, at the option of HP.

The services to be provided and charges for such services shall be subject to mutual agreement.

- For installed products which will continue to be serviced, HP, at its option, shall supervise the dismantling and packing of the products and shall inspect and reinstall the products at the new location. These services, if provided, shall be at additional charge based on HP's standard service rates in effect at the time. The Customer shall furnish all labor and materials for the dismantling, packing, and placement of the products in the new location.
- The Customer shall be responsible for any loss or damage to the products during relocation.

7. EXCLUSIONS

HP's support services do not include (1) operating supplies and consumables, (2) refinishing the products or furnishing materials for that purpose, (3) electrical work external to the products, (4) maintenance of accessories, attachments or products not specified herein or on subsequent orders, or (5) any other services not specifically described herein.

8. TERM

- This Agreement shall commence on the specified Effective Date and end upon termination by either party.
- The Customer may terminate this Agreement at any time upon thirty (30) days written notice to HP and HP may terminate at any time after the first twelve (12) months upon sixty (60) days written notice to the Customer.
- HP agrees to offer support services for products covered hereunder for a minimum of five (5) years from the date of completion of last regular production of a product with the same model number.
- The minimum term of any order shall be three (3) full months unless otherwise specified on the applicable Exhibit. If the Customer orders less than twelve (12) months of any service, the administration charge specified in paragraph 10b shall apply to that service unless otherwise specified on the applicable Exhibit.
- The Customer may terminate any order issued pursuant to this Agreement at any time upon thirty (30) days written notice to HP. During the first twelve (12) months of this Agreement, HP may terminate its provision of services under any order only for causes specified herein and with sixty (60) days written notice to the Customer. After twelve (12) months, only sixty (60) days written notice by HP is required.

9. WARRANTY FOR SUPPORT SERVICES

- For hardware products serviced hereunder, warranty shall be limited to the correction of any defective services by restoring the products to good operating condition. Warranty provided hereunder for software and documentation services shall be limited to providing the software support and documentation services selected by the Customer.
- NO OTHER WARRANTY IS EXPRESSED OR IMPLIED. HP SPECIFICALLY DISCLAIMS THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
- THE REMEDIES PROVIDED HEREIN ARE CUSTOMER'S SOLE AND EXCLUSIVE REMEDIES. HP SHALL NOT BE LIABLE FOR ANY DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, WHETHER BASED ON CONTRACT, TORT OR ANY OTHER LEGAL THEORY.

10. CHARGES

- The charges specified are those currently in effect. These charges may be changed provided that HP has notified the Customer in writing of any increase at least sixty (60) days prior to invoicing at the increased rate.

TERMS AND CONDITIONS OF SALE

Contract: Orders are subject to acceptance by the Henry Vogt Machine Co., hereinafter referred to as the Seller, at its Louisville, Kentucky office. No terms or conditions of Purchaser's order contrary to the Seller's terms and conditions shall be binding upon the Seller unless specifically agreed to by the Seller in writing.

Prices: All quoted prices are subject to change by the Seller without prior notice and, unless otherwise stipulated by Seller, are understood to be F.O.B. Seller's plant, Louisville, Kentucky, with delivery to carrier constituting delivery to Purchaser. Right to possession of the material to secure the payment of the purchase price shall remain in Seller until all payments therefor shall have been fully made.

Taxes: All prices are exclusive of taxes. Sales, use and other taxes, by whomsoever levied, are to be paid by the Purchaser, and unless invoiced, are to be paid by the Purchaser direct to the appropriate governmental agency.

Delivery: Delivery or shipment specified is Seller's best estimate and Seller shall not be liable for delay in deliveries resulting from any cause whatsoever. Failure to ship on or near the estimated date shall not entitle Purchaser to cancel his order without charge.

Return of Materials: Materials may be returned only with prior written agreement of Seller.

Cancellation: Cancellation of orders may be made only with the Seller's written consent and Purchaser shall be subject to cancellation charges.

Product Warranty: Seller warrants the equipment of its own manufacture to be free of defects in material and workmanship, under normal use and proper operation, for a period of one year from date of shipment from Seller's plant. Seller's obligation under this warranty shall be strictly limited, at Seller's option, to: (i) furnishing replacement parts for or repairing without charge to Purchaser, F.O.B. Louisville, Kentucky, or (ii) issuing written authorization for Purchaser or others to replace or repair, without charge to Purchaser, at costs comparable to Seller's normal manufacturing costs, those parts proven defective; or (iii) in discharge of Seller's maximum liability herewith, refunding all monies paid by Purchaser to Seller for the product and, at discretion of Seller, having the product removed and returned to Seller at Purchaser's expense. All transportation charges relative to corrective work, defective parts or replacement parts shall be borne by Purchaser. Purchaser shall give Seller immediate notice upon discovery of any defect. The undertaking of repairs or replacement by Purchaser or its agents without Seller's written consent shall relieve Seller of all responsibility herewith.

Finished materials and accessories purchased from other manufacturers are warranted only to the extent of the manufacturer's warranty to Seller.

Any alteration in material or design or failure of component parts thereof by Purchaser or others without authorization by Seller voids all obligation of Seller for the product and any associated warranty herein.

Seller's only liability shall be exclusively as set forth herein. Seller shall not be liable for any incidental or consequential damages due to its breach of any warranty herein contained, or otherwise, without limitation to the foregoing, in no event shall the loss of use of the product or for the loss of any process, plant, equipment, or facilities of the Purchaser, whether partially or wholly due to defects in workmanship and/or design of Seller's product, and in no event shall Seller be liable for removal of apparatuses or installation of apparatuses, pipe work and similar items of obstruction or delay brought about by the necessity of removing the product or of installation.

Seller makes no warranty of any kind whatsoever, express or implied, other than as specifically stated herein, and there are no warranties of merchantability and/or fitness for a particular purpose which exceed the obligations and warranties specifically stated herein.

RE: Quote for plumbing maintenance

Dear Mr. Glasgow,

We submit on referenced for your consideration the following price information:

Regular rates:		
Skilled labor	24.50	per hour
Unskilled labor	12.50	per hour
Overtime rates:		
Skilled labor	36.75	per hour
Unskilled labor	18.75	per hour
Holiday rates:		
Skilled labor	36.75	per hour
Unskilled labor	18.75	per hour

Our regular rates are based on an average 8:00 a.m. to 4:30 p.m. working day. Should a serviceman be required to stay after 4:30 to complete the job, his time would be computed at the regular rate up to one (1) hour, after which time overtime rates would go into effect. Any service calls received on Monday thru Friday after 4:30 p.m. are to be charged as per the overtime rates. Service calls received at any time on Saturday or Sunday are also based on the overtime rates. Our prices include truck and hand tools.

We offer 24 hour service; our duty man for nights, weekends and holidays is equipped with a mobile phone service for immediate availability. Our vans are fully equipped with the exception of obsolete materials. We have electric sewer service with regular and industrial size machines.

We have services available from Gentry Company and Cactus Utility Co. to expedite any emergencies that might arise. We are including equipment rates from Cactus Utility Co. for your use.

Attn: Mr. W.S. Richardson,
Manager of Materials

Gentlemen:

Due to inflationary conditions and increased direct and indirect cost attributable to furnishing services of technical personnel and indemnification, we request that the following hourly rates be approved for billing purposes for the personnel provided by us for work in your refinery at Corpus Christi. Such increase shall not exceed 7.8% and will become effective January 26, 1981.

Contract Engineer	\$28.50 per hour*
Contract Designer	\$24.25 per hour*
Contract Draftsman	\$13.85 per hour*

*Approved overtime will be billed on the same basis as our prior rate, i.e. over 40 hours in a work week times a factor of 141% on the above hourly rate.

The above includes insurance certification of indemnification covering all personnel provided by Texas Analytics, Inc. for work in your facility.

We sincerely hope that the foregoing rates will meet with your approval for an effective date of January 26, 1981, and we look forward to a continuation in serving your requirements in the best professional manner possible.

Yours very truly,

TERMS AND CONDITIONS OF SALE

Contract: Orders are subject to acceptance by the Henry Vogt Machine Co., hereinafter referred to as the Seller, at its Louisville, Kentucky office. No terms or conditions of Purchaser's order contrary to the Seller's terms and conditions shall be binding upon the Seller unless specifically agreed to by the Seller in writing.

Prices: All quoted prices are subject to change by the Seller without prior notice and, unless otherwise stipulated by Seller, are understood to be F.O.B. Seller's plant, Louisville, Kentucky, with delivery to carrier constituting delivery to Purchaser. Right to possession of the material to secure the payment of the purchase price shall remain in Seller until all payments therefor shall have been fully made.

Taxes: All prices are exclusive of taxes. Sales, use and other taxes, by whomsoever levied, are to be paid by the Purchaser, and unless invoiced, are to be paid by the Purchaser direct to the appropriate governmental agency.

Delivery: Delivery or shipment specified is Seller's best estimate and Seller shall not be liable for delay in deliveries resulting from any cause whatsoever. Failure to ship on or near the estimated date shall not entitle Purchaser to cancel his order without charge.

Return of Materials: Materials may be returned only with prior written agreement of Seller.

Cancellation: Cancellation of orders may be made only with the Seller's written consent and Purchaser shall be subject to cancellation charges.

Product Warranty: Seller warrants the equipment of its own manufacture to be free of defects in material and workmanship, under normal use and proper operation, for a period of one year from date of shipment from Seller's plant. Seller's obligation under this warranty shall be strictly limited, at Seller's option, to: (i) furnishing replacement parts for or repairing without charge to Purchaser, F.O.B. Louisville, Kentucky, or (ii) issuing written authorization for Purchaser or others to replace or repair, without charge to Purchaser, at costs comparable to Seller's normal manufacturing costs, those parts proven defective; or (iii) in discharge of Seller's maximum liability herewith, refunding all monies paid by Purchaser to Seller for the product and, at discretion of Seller, having the product removed and returned to Seller at Purchaser's expense. All transportation charges relative to corrective work, defective parts or replacement parts shall be borne by Purchaser. Purchaser shall give Seller immediate notice upon discovery of any defect. The undertaking of repairs or replacement by Purchaser or its agents without Seller's written consent shall relieve Seller of all responsibility herewith.

Finished materials and accessories purchased from other manufacturers are warranted only to the extent of the manufacturer's warranty to Seller.

Any alteration in material or design of Seller's product or component parts thereof by Purchaser or others without written authorization by Seller voids all obligations of Seller regarding the product and any associated warranty herein stated or implied.

Seller's sole liability shall be exclusively as set forth herein, and Seller shall not be liable for any incidental or consequential damages due to its breach of any warranty herein contained, or otherwise. Without limitation to the foregoing, in no event shall Seller be liable for the loss of use of the product or for the loss of use of any other product, process, plant, equipment, or facilities of the Purchaser or the end-user whether partially or wholly due to defects in material and/or workmanship and/or design of Seller's product, and in no event shall Seller be liable for removal of appurtenances or incidentals such as connections, pipe work and similar items of obstruction or for any cost brought about by the necessity of removing the product from its point of installation.

Seller makes no warranty of any kind whatsoever, express or implied, other than as specifically stated herein; and there are no warranties of merchantability and/or fitness for a particular purpose which exceed the obligations and warranties specifically stated herein.

Parts furnished without charge as replacements for original parts under warranty are warranted for that period of time during which the original parts warranty is effective.

Fair Labor Standards Act: Seller certifies that the products purchased hereunder are produced in compliance with all applicable requirements of the Fair Labor Standards Act of 1938, as amended.

Patents: Seller warrants that the sale of the product of its own manufacture furnished hereunder will not infringe any United States patent claims covering the product itself. Products manufactured according to the designs or drawings of Purchaser carry no warranty against patent infringement, and under such conditions, Purchaser shall indemnify and save harmless the Seller against and from any judgment for damages and costs which may be rendered in any suit alleging infringement of any United States or foreign patent.

Assignment: Any assignment of the rights accruing hereunder shall be void without the prior written consent of the Seller.

Governing Law: The entering into, construction, interpretation, performance and discharge of the terms set forth herewith shall be governed in accordance with the laws of the Commonwealth of Kentucky.

Governing Conditions: Contractual agreements executed by the Seller and Purchaser shall take precedence over comparable terms set forth herein.

THIS AGREEMENT, effective Apr. 1, 81, between Sun Petroleum Products Company A Division of Sun Oil Company of Pennsylvania hereinafter called "Owner", having an office at 1608 Walnut Street Philadelphia, Pennsylvania 19103 and the "Contractor" shown above

WITNESS In consideration of the mutual promises herein made, Owner and Contractor agree as follows:

ARTICLE 1 — THE WORK: The work shall consist of: An on going Maintenance/Construction Contract for work to be performed by Contractor under the terms and conditions of this Contract at Owner's Corpus Christi Refinery, Nueces County, Texas.

Contractor shall perform all work hereunder in accordance with the terms and conditions of this Contract and the following as noted:

- (X) 1. Design drawings as per Purchase Order Exhibits
(X) 2. Specifications as per Purchase Order
(X) 3. Work Description as per Purchase Order
(X) 4. Safety and Security Requirements ATTACHED

This Agreement, including Articles 1 through 8, the Field Services General Terms and Conditions on the reverse side hereof, and the Exhibits attached hereto or referenced herein shall constitute the Contract between the parties.

ARTICLE 2 — MATERIALS, PERSONNEL AND SUBCONTRACTS: Contractor shall furnish any and all labor, supervision, permits (unless otherwise stated herein to the contrary), machinery, equipment, tools, fuel, supplies, facilities, materials, transportation and all other things necessary for the performance and completion of all work authorized hereunder, except such items noted to be specifically supplied by Owner as follows:

As specified on each Purchase Order

Unless, otherwise specified, all materials to be furnished by Contractor shall be new and of a grade and quality which conforms to Owner's Standards, if such apply; otherwise such material must be suitable for the use intended.

ARTICLE 3 — COMPENSATION: For satisfactory performance of the work hereunder, Owner agrees to pay Contractor in the manner and at times hereinafter specified, and Contractor agrees to accept as full and complete payment for providing such work, compensation as follows:

As specified on each Purchase Order

ARTICLE 4 — MANNER AND TIMES OF PAYMENT:

1. Exhibits A (in accordance with the latest rate schedules as per Purchase Order)
2. Exhibits B (as negotiated on a lump sum or time & mat'l basis as per Purchase Order)

Prior to final payment hereunder, and as a condition thereof, Contractor shall satisfy the requirements of Clause 14 of the Field Services General Terms and Conditions on the reverse side hereof.

ARTICLE 5 — TERMS: Work under this Contract shall commence on or about 4-1-81. All work performed at the site shall be on the basis of Contractor's standard work week as set forth by local agreement. No overtime shall be worked, except for spot overtime, unless approved by the Owner in writing. All work, including travel shall be complete on or before 4-31-81.

ARTICLE 6 — CHANGES, ADDITIONS AND/OR DELETIONS: Owner reserves the right, from time to time, to make changes, additions and/or deletions in the work as it may deem necessary. All changes, additions or deletions shall be made in writing and accepted by both parties before Contractor proceeds with such work. Contractor shall make no changes, additions or deletions to the work without Owner's prior written instructions. The cost of such changes, additions or deletions shall be determined as follows:

As negotiated

Contractor shall make no changes in the Schedule of work to be performed hereunder, extending completion beyond the date shown in Article 5 above, without prior written approval of Owner.

ARTICLE 7 — INSURANCE: During the performance of all work hereunder, Contractor shall take out, carry and maintain in insurance company or companies, and in policies of insurance acceptable to Owner, the following insurance with limits not less than indicated for the respective items:

- Workmen's Compensation and Occupational Disease Insurance, including Employer's Liability, complying with laws of the state in which the work is to be performed or elsewhere as may be required. Employer's Liability Insurance shall be provided with a limit not less than \$ 2,000,000.
- Comprehensive General Liability Insurance, including Contractual Liability and Products Completed Operations Liability and Explosion, Collapse and Underground Damage liability, as well as coverage on all Contractor's equipment (other than motor vehicles licensed for highway use) owned, hired or used in performance of this contract with limits not less than:
\$ 1,000,000 Bodily Injury & Property Damage Combined each occurrence and aggregate.
- Automobile Liability Insurance, including Contractual Liability, covering all motor vehicles owned, hired or used in the performance of this contract, with limits not less than:
\$ 1,000,000 Bodily Injury & Property Damage Combined each occurrence and aggregate.
- Builders Risk Insurance: The Builders Risk Insurance coverage applicable to this contract is checked below. For definition of applicable coverage see Clause 22 of Field Services General Terms and Conditions on the reverse side of this form.

Prior to the commencement of any work hereunder, Contractor shall provide Certificates of Insurance evidencing coverage as defined in this Article, to the Owner, at the location specified in the Contract Instructions below.

ARTICLE 8 — GOVERNING LAW: This Contract shall be governed by the laws of the State wherein the work is performed unless stated otherwise as follows:

Commonwealth of Puerto Rico. The term "State" wherever used in this Contract shall be deemed to include the

CONTRACT INSTRUCTIONS:

Contractor shall sign and return one fully executed copy to the address shown above. If no address is shown above, copy should be returned to the "Invoice" address at the top of this form.
