WARRANTY

The Company warrants every part and detail of the equipment to be delivered hereunder to be of proper materials and first class workmanship. Engines, motors, generators, buckets, and other accessories not of the Company's manufacture are not included in the foregoing warranty, these being covered by the warranties of their respective manufacturers. The foregoing warranty is exclusive and in lieu of all other warranties whether written, oral or implied (including any warranty of merchantability or fitness for purpose).

The Company's liability under its foregoing warranty shall be discharged by furnishing without charge, F.O.B. Milwaukee, Wisconsin, any part or parts as shall appear to the Company, upon its inspection, to be defective under normal and proper use within one year from date of shipment, or 2,000 hours, whichever expires first. Where claims for defects are made, the defective part or parts shall be delivered to the Company, prepaid at Milwaukee, Wisconsin, for inspection. The Company will not be liable for the cost of repairs, alterations or replacements, or any expense connected therewith made or incurred by the purchaser or its agents or servants, except upon written authority from the Company's Milwaukee office, nor will the Company be liable for any damages caused by defective materials, parts, machinery tools or equipment except for replacement of parts as above provided. The Company makes no warranties, expressed or implied, except that of title and those above stated.

LIMITATION OF LIABILITY

In no event shall the Company be liable for special or consequential damages claimed to arise under this contract, nor shall it be liable for any loss or damage sustained or caused by the operation and use of the equipment while any of the parts are loose, broken, or out of order, nor will the Company be liable in any manner if the equipment is improperly operated or its successful operation impaired by the natural elements after its delivery to the purchaser.

GENERAL REPLACEMENT PARTS INFORMATION

FOR CRANE AND HEVI-LIFT

HOW TO ORDER REPLACEMENT PARTS

The parts book covers all replacements required for this P & H machine. To insure prompt service each repair parts order must contain the following information:

1. Machine Serial Number
2. Capacity
3. Part Number
4. Quantity
5. Description
6. Voltage, Phase and Cycle
7. Correct Shipping Destination

When orders for parts are sent directly to the HARNISCHFEGER CORPORATION they should be addressed as follows:

REPLACEMENT PARTS SALES DIVISION
HARNISCHFEGER CORPORATION
4400 W. National Avenue
Milwaukee 46, Wisconsin

Orders telephoned or telegraphed to us must be immediately confirmed by letter since we cannot assume responsibility for the correctness of the phone or telegraphic message.

MACHINE SERIAL NUMBERS

The crane serial numbers are found on front trolley side & front platform facing bridge machinery side.

The hoist serial numbers are located on the bottom of motor bracket and the large nameplate attached to the controller case cover.

Minimum Repair Parts Order Charge - $1.00

RETURN OF PARTS

HARNISCHFEGER CORPORATION will not accept return of any parts unless accompanied by a claim tag. These claim tags to be issued at the time authorization of such return is made. Tags must be attached to outside of package.

CLAIMS

All shipments are carefully inspected and are delivered to the carrier in good order. Upon receipt of shipment, caution should be exercised that there is no loss or damage.

If this should occur, refuse to accept shipment until the carrier makes the proper notation to that effect. In the event of concealed loss or damage, notify carrier immediately.

By following these suggestions, you will encounter less difficulty in collecting your claim.
