ms
6/5/69 (for 6/6 stop)

Attached (for those who did not receive copies) are two reports -- one on Aroclor Clean-Up from Plant Effluents and one on Disposal of Chlorinated Wastes.

What is needed from the business group is endorsement of the action and timing and/or suggestions on how the programs could be improved.

Please read the reports before our Friday, 5/18/69, meeting so that we can discuss them if time permits.

W. A. Kuhn
