Dear John:

This concerns our conversation after Ike Weaver's talk on Asbestos at the Annual Meeting. I talked with Mr. Weaver today and he has put a copy of his talk in the mail to me. As soon as I receive it, I will send you a copy.

I mentioned that Bill Reitze of Manville is knowledgeable concerning asbestos collection devices. I realize this may be a little awkward since you purchased some of your equipment from J-M, but if you did wish to contact him, his address is:

Mr. William B. Reitze

Subject; FMSI Copyright Authorization

Dear Mr. Allen:

I cannot tell from our records whether you have been informed concerning the copyrighted FMSI numbering System.

TO AUTHORIZE A CUSTOMER TO USE COPYRIGHTED FMSI NUMBERS

Should one of your customers wish to put out catalogs, advertising, price lists, etc. using the FMSI Numbers, there is a general format for a letter suggested.

See Bulletin No. 266 of July 21, 1964, copy enclosed. This is a letter form which lets the member authorize a customer to use the FMSI Numbers. Note that the customer must imprint the copy acknowledging the FMSI copyright. Also, this permission can only be granted for linings purchased from Standco.

TO ADVISE THE INSTITUTE OF COPYRIGHT AUTHORIZATIONS

About every two years, the Institute sends out a questionnaire concerning authorizations to use the copyright. These questionnaires list existing authorizations on file in the office and ask for an up-date.

This information is, of course, confidential. Copies of this form are attached. Would you please indicate under Section 1 any customer using your products whom you authorize to use the copyrighted FMSI Numbers. This should not be an EDP print-out of all customers. It should be a brief list of those customers (if any) using the FMSI Numbers in their catalogs, their price lists, etc.

I repeat that this information is confidential. Also, this is one of the methods we use to enforce our copyright. It is most important that this copyright be protected.

Sincerely,

FRICTION MATERIALS STANDARDS INSTITUTE

Standco

Gentlemen:

Sorry to report that I might not be visiting you good folks in the Ozarks next year. Rest assured I will be there if I can.

I am no longer with Standco Industries. I was fired on August 17. October would have been 26 years.

Would you please do me a favor and write to the following companies and ask them to send their literature to me. The reason I am not writing to each of them direct is because I don't have their addresses.

Auto Friction Corporation
Brassbestors Manufacturing Corp.
Carlisle Corp. Molded Materials Div.
Royal Industries Brake Products
Thiokol Chemical Corp.

*Lawrence
Petersen
Boring
Los Angeles
Texas*

Herbert A. Heitman Co. is an old established financially sound friction materials distributor. Their efforts have been directed mainly at heavy duty industrial, but doing considerable business in truck blocks and truck clutches. We have a well planned expansion program that will benefit several manufacturers, hence the reason for requesting their literature. I would like to receive their literature as soon as possible.

Your help will be appreciated. I would like to return the favor. Is there anything I can do to help you?

Yours truly,

J. M. Dunn

Dear Jim:

This will reply to your letter of September 30, 1971.

Rather than write the five members, I'm enclosing their addresses here. It should be no problem for you to contact them.

Auto Friction Corporation
651 Andover Street
Lawrence, Mass. 01842

Brassbestos Manufacturing Corp.
45 East 5th Street
Paterson, New Jersey 07524

Carlisle Corporation
Molded Materials Division
P.O. Box 417
Ridgeway, Pennsylvania 15853

Royal Industries Brake Products
3171 East 12th Street
Los Angeles, California 90023

Thiokol Chemical Corp.
930 Lower Ferry Road
P.O. Box 1296
Trenton, New Jersey 08607

I trust everything works out well in your new connection and I hope the above information fills your needs.

Sincerely,

EWDrislane/lc

September 1, 1971

Mr. J. S. Allen
Standco Industries, Inc.
P. O. Box 87
Houston, Texas 77001

Dear Mr. Allen:

I would like to explain the attached statement to you, as my earlier contacts had been with Mr. Dunn.

At the beginning of the fiscal year (July 1, 1971) Standco had a credit balance of \$12.00 - we had earlier received your payment twice for the same invoice.

Then we billed half of the annual charge. After some correspondence with Mr. Dunn, this was adjusted from \$1,500. semi-annually to \$850. semi-annually. (See our \$650. adjustment in the Debit column) In meanwhile, we had received Standco's check of \$600. on account.

In summary, the statement shows:

First half of annual fee	\$850.00	
Add prints on Invoice 42	<u>1.50</u>	\$851.50
Less, credit carried forward	\$ 12.00	
Less, payment received	<u>600.00</u>	<u>612.00</u>
Balance due:		<u><u>\$239.50</u></u>

Sincerely,

EWDrislane/icb

Mr. J. M. Dunn
Standco Industries, Inc.
2701 Clinton Drive
P.O. Box 87
Houston, Texas 77007

Dear Mr. Dunn:

This refers to your July 12, 1971 notes concerning our July 1, 1971 billing of the annual fee.

This problem is the same as that on which you and Miss Duschek corresponded through the Fall of 1970 -- the number of categories in which you are engaged. If you report three categories, you will be billed for three categories and that is what happened. A copy of your declaration, which was sent to Counsel, is attached.

How Do We Straighten This Out?

You assured Miss Duschek in letters of October 21, 1970, November 25, 1970 and December 14, 1970 that your brake lining and brake blocks are special purposes and not sold to the automotive market, and that your clutch facings are the only product which you market which could use the F.M.S.I. numbers.

Please advise me in writing that your brake linings and brake blocks are special purpose and are not marketed in applications where F.M.S.I. numbers are used. Also, please file an amended declaration marking one category only -- clutch facings.

With that, I should hope to bill you:

Basic Fee	\$1,050
One Category	<u>650</u>
	\$1,700

Note the basic fee was increased from \$1,000 to \$1,050 and category fee was increased from \$600 to \$650 at the annual meeting in June 1971.

Sincerely,

Secretary
