Price effective June 28, 1920; superseding all previous prices

The following line of
SHERWIN-WILLIAMS PRODUCTS
are priced on a list
basis and are subject
to discounts listed on
Index pages.

All prices in this sec-
tion are per package ex-
cept where otherwise
designated.

Our regularly listed Gas Engine Primers mentioned on pages 125 and 126 of the M S D price list are well known for this purpose; that is, Gas Engine Primers, Gas Engines, Gas Engine Fuelers, Gas Engine Exhausts, or Gas Engine Lamps. In some cases, however, it is desirable to use the minimum number of parts, accessories, whatever may be necessary in the way of appearance and in that case Gas Engine Primers or Gas Engine Fuelers may be used exclusively. Although much results may be obtained in that way, the results would move more than offset the additional cost and time involved. To the best of our knowledge no definite specifications concerning Acetolian Finishes, with the exception of the Acetolian Primer, are available.
