Re: [REDACTED]
Industrial Commission of Ohio
Eagle Picher Lead Company.

Dear Doctor:

My client, one [REDACTED], has been instructed to report to you for physical and laboratory examination by the Medical department of the Industrial Commission of Ohio. According to several diagnosis in my file on this case, the claimant is suffering from an occupational disease indexed, Lead Poisoning.

This man has suffered over a long and extended period of time and has been treated by several physicians, especially Dr. B. Jay Lockley, this city and the Cincinnati General Hospital. Your immediate attention in this case will be appreciated as the claimant is in very necessitous circumstances.

Very truly,

Walter W. Harris
Walter W. Harris, Attorney for
Cleveland Garrett, Claimant.
