

the developments proposed in the community. The Commission of Oakland title to a strip of tide-land at the Oakland Airport, 4000 and 60 feet wide. Early in this property adjacent to the strip of land which east and south of the tide-lands with the

PROPOSED
The Commission proposes to acquire the land, but ex- tain title to the property. The funds for the purchase had been adopted by the city and by the Senate, and to go to the Governor for when the administra- tion's decision concerning the acquisition of the land of the Leona Commission. Oakland tide-lands affected are at the foot of Har- bor adjacent to the Hogan company, and at the foot of a Street adjacent to the Pacific Properties. The author- ity had planned to acquire these properties as title to the land could be obtained from the State, but the pro- posal is pending a study of the conservation of the tide-lands. The developments at South San may also be affected by Commission ruling, and a bill introduced by Assembly- man Call is also being held for further study of the
