Dr. Robert A. Kehoe
Kettering Laboratory of Applied Physiology
University of Cincinnati
Cincinnati, Ohio

Dear Dr. Kehoe:

The enclosed may interest you.
I do not know anything whatever about this
firm and I rather imagine I may have started
something.

If you do not care to become
embroiled, simply pass it all right back
to me. It does air conditioning no good
to have this feature pushed unless they
have some real data to show that my opinions
are all wrong.

Sincerely yours,

Philip Drinker
