Review of the costs to your medical department associated with the vinyl survey suggests that all items listed under Direct Costs to Medical Department should be recoverable from the general fund appropriated to cover this study. Exceptions are:

Labor, physician
Labor, technician

You may recover the overtime paid your technician for processing X-rays. I believe you gave me a figure of \$166.04 for this.

An account number has been established in group I to cover this study. The number is:

131-101-415-483 *50800*

detail statement

I suggest you discuss this with J. H. Field who has Carbide responsibility for this study.
