

INTER-OFFICE MEMO **TENNECO CHEMICALS, INC.**

TO	Mr. G. I. Rozand	AT	Piscataway	DATE	January 19, 1977
FROM	J. P. Sandstedt	AT	Piscataway	COPY TO	Mr. W. P. Anderson Mr. D. C. Coldiron Mr. C. Crain Mr. W. F. Gabel Mr. T. T. Moore Mr. F. X. Ritter
SUBJECT	REQUEST FOR ADDITIONAL INFORMATION: E.P.A. REGION VI - VCM STANDARD <u>E.S.R. NO. 1013</u>				

I received the accompanying letter from E.P.A. Region VI on January 18. I called Mr. Brittain to learn the intent of the request; namely, E.P.A. wanted a specific listing of the equipment to be included in the waivers. A response will be prepared based on background information I received from Tom Moore.

In view of our discussions concerning S.P.I. action with E.P.A., I asked Mr. Brittain about the status of our waiver requests. He indicated no problem, up to now, with our requests, save for the needed information. Further, he indicated that this letter would serve as "documentation" of our current compliance activity under the provisions of the Standard. He implied we could continue operations as we planned, namely, implementation of the Leak Detection Program, and compliance in those areas for which we did not seek waivers.

To be sure the Plant is covered in the event of a spot inspection, I am sending a telecopy of E.P.A.'s letter to Tom today.

Mr. J. P. Sandstedt
Manager of Environmental Engineering
Tenneco Chemicals
Turner Place, P. O. Box 2
Piscataway, New Jersey 08854

Dear Mr. Sandstedt:

Your application for waivers of compliance for your PVC plant located in Pasadena, Texas, has been received.

In order to complete our evaluation we require additional information. For this reason, we request that you respond to the items and questions attached to this letter. We cannot process your waiver requests until the information is received.

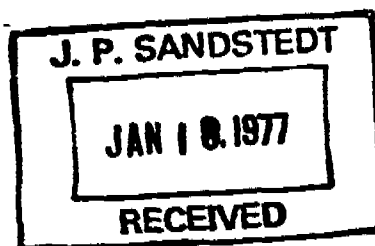

Should you have any questions concerning this, you may contact either Gary Bernath or Martin Brittain by telephone at (214) 749-7675.

Sincerely,

Martin E. Brittain
