

SUPERIOR STEAM GENERATORS

Fully automatic with any grade of oil. 17 sizes from 20 to 500 b.h.p. for pressures up to 200 p.s.i. Require no expensive chimney, supply their own induced draft. 80% thermal efficiency guaranteed. Write today for catalog 101.

Superior Combustion Industries, Inc.
Factory: Emmaus, Pa.
Executive Office: Times Bldg., Times Sq., N. Y.

Makes
ALL
VALVES
INSTANTLY
Accessible

Instant, handy, safe control of overhead and other out-of-reach valves. Eliminate danger to employees; banish the stepladder. Now—install valves anywhere they should be, regardless of accessibility.

Inexpensive BABBITT Sprocket Rims fit all types and makes of valves, with either rising or non-rising stems. Installed quickly by clamping directly onto band wheel of valve. Eliminates makeshift apparatus and specialty-made chain wheels.

The standard steel valve cover of all valves ranges from 8 to 36 inches in diameter.
Requires Outing Sprocket Rims for proper opening of local distributors.

ment. The annunciator is available for either ac or dc operations, at voltages depending upon requirements. Autocall Co., Shelby, Ohio.

Insulated Piping

PREFABRICATED, factory-insulated 21 ft. lengths of pipe can be supplied with asbestos, cork or any other insulation specified. Manufacturer machine-coats insulation with high-temperature asphalt, and tapers wraps it with asphalt-saturated asbestos felt. A second coat of asphalt follows, plus a tension wrapping of aluminum or copper foil to give a good bond with the asphalt.

In addition to the basic *Falclad* unit, there is a variation which has a pipe within a pipe. The outer pipe is insulated to allow carrying a desired temperature within the pipes. For process service, either pipe can carry the process fluid while the other carries a heating or cooling medium. Dept. 9582B, Rice-Wil. Co., Cleveland, Ohio.

Tinner's Fire Pot

Low-pressure, smokeless, sparkless, sootless tinner's fire pot, No. 475, carries flame and carburizer control for burning the one-gallon fuel capacity. Burner only protected by an outer jacket, is of extra heavy, seamless steel tubing. An automatically controlled orifice cleaner plus quick accessibility for cleaning are also features. Turner Brass Works, Sycamore, Ill.

Compressing Tool

POLYPRESS Y8NA PNEUMATIC HYDRANTS indenting smaller sizes of *Hylugs* and *Hylinks* is for use where ordinary power tools cannot be conveniently operated. Polypress delivers about 2000 lb indenting force from an air pressure of 80 to 100 psi. Low pressure can be used for the smaller size connectors. Removable dies accommodate ing conductors from No. 8 to No. 22 AWG are set in compact jaws that allow easy clearance for correctly locating connector and cable assembly for indenting. Bureau Engrs. Co., 107 Bruckner Blvd., York 54, N. Y.

dissipated is right!

The staggering cost of BTU'S dissipated in your plant every day, every night, is a real headache if you're trying to cut costs. (And who isn't!) Waste occurs whenever and wherever inefficient insulation—or no insulation—gives heat energy an excuse to "pass out". Industry picks up the check for these escapades—and it isn't hay!

CAREY'S THE DOCTOR... on call, 24 hours a day, with COMPLETE INSULATION SERVICE to help diagnose causes of chronic heat dissipation in your plant... to administer a sure cure. CAREY offers complete industrial

insulation engineering facilities, built up by over 75 years of serving industry. Those facilities are doubly valuable because they are backed up by:

1. engineering know-how gained from countless actual experiences on industrial insulation jobs of all sizes and shapes.
2. a complete line of industrial insulation materials
3. materials strategically warehoused from coast to coast.

ALL OF THIS IS AVAILABLE to help you in any way... from an insulation survey to a complete installation. Take advantage of it! Meanwhile you'll want to...

Write for your free copy of "Heat Insulation For Industry." This helpful booklet is an excellent guide to selection of industrial insulation—contains specifications and tables you'll want to keep handy. For your free copy address your request to Dept. PO-7.
