Dear Ms. Connolly:

Thank you for your March 6, 2023, letter responding to the U.S. Environmental Protection Agency's March 16, 2022, and April 13, 2022, letters on Enbridge's Line 5 Wisconsin Segment Relocation Project, and your request to meet with EPA in-person, including the St. Paul District of the U.S. Army Corps of Engineers and Wisconsin Department of Natural Resources, to further discuss the comments articulated in our letters. While we appreciate your efforts to attempt to address the concerns outlined in our letters, EPA will need to contact the other governmental parties to discuss the possibility of a meeting which may take some time. After we have had an opportunity to do so, we will contact you with the results of those discussions.

In the meantime, if you have questions, please feel free to contact Melissa Blankenship at 312-886-9641 or blankenship.melissa@epa.gov.

Sincerely,

4/6/2023

X
