Subject: National Black Chamber of Commerce letter to President Trump on Paris
Attachments: NBCC open letter to President on Paris.pdf

This is important, but will be carefully hidden by the liberal media.

Black business leaders who don't buy into the Democratic Party's victimhood tactics are paying attention to what President Trump is doing on energy policy. Pulling out from the Paris Climate Treaty and citing among the reasons the negative effects of higher energy costs on small and minority-owned businesses would be another beat on the drum calling for black leaders to abandon the failing Democratic Party.
