

DATE March 21, 1973

TO H. H. Beams

C. C.

PLAINTIFF'S EXHIBIT

MBL-249

In response to your memorandum dated March 10, 1973, we are concerned that many of the International affiliates lack the appropriate capability to implement the medical surveillance program which is described. In order to obtain more information on this subject, a copy of the enclosed letter has been sent to the appropriate medical advisors of all our International affiliates.

I will supply you with a progress report on the answers we have received during the first week of May. In the meantime, if I can be of any additional assistance in this matter, please don't hesitate to contact me.
