GENERAL VARNISH SALES DEPT.

Bulletin No. 36

May 26th, 1927

SUBJECT: Paint Oils & Thinners.

Please be advised that Bulletin #29, of February 16th, 1926, giving prices on Paint Oils and Thinners is made void. It is probable that these prices have not been in use recently by reason of the revisions since made, but we desire to make sure of that fact.

Up-to-date prices on Paint Thinning Oils, such as Linsoline, 01243 - P M Paint Oil, 01121 and No. 12 Paint Thinning Oil, 0212 will be found on page 420 of the price list, and those on Thinners, including 0974 and 0231 will be found on page 225 of the price list.

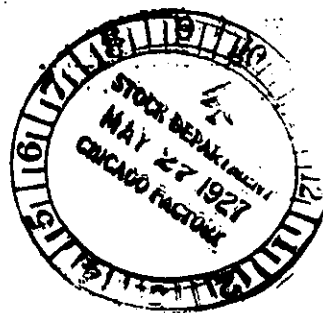

Representatives should bear in mind that full credit is given against their Varnish Estimate for Paint Oils and Thinners and solicit all business of this type, not overlooking the importance of combination sales where our Paints, Enamels, etc., are involved.
