Subject: Request for Presidential Exemption
Under Section 112(i)(4) of the Clean Air
Act

Caution: This email originated from outside EPA, please exercise additional caution when deciding whether to open attachments or click on provided links.

Dear Sir/Madam,

I hope this message finds you well. I am writing on behalf of ****High-Speed Shipping****, a transportation and logistics company located in ****Chicago, Illinois****. We are seeking a Presidential Exemption under Section 112(i)(4) of the Clean Air Act for our operations, specifically concerning the [insert relevant rule(s), e.g., emissions from freight transport, etc.].

As part of our business, we are committed to providing reliable and timely delivery services to our customers across the nation. However, due to significant financial constraints related to recent industry-wide challenges and the ongoing need to maintain operational efficiency, we find ourselves in a position where compliance with certain air quality regulations has become increasingly difficult.

Our company has made considerable investments in environmentally friendly technologies and strives to minimize our environmental footprint, but we are currently facing temporary difficulties that hinder our ability to fully comply with some of the provisions of the Clean Air Act. We are requesting an exemption for [briefly describe the specific request—e.g., extended deadlines for implementing new emissions control equipment or exceptions due to temporary operational circumstances].

We understand the importance of environmental protection and remain committed to working toward full compliance with the Clean Air Act. This exemption would allow us the necessary time and resources to transition toward more sustainable practices without compromising the quality of service our customers depend on.

Please let us know if you require any additional information or documentation to support our request.

Thank you for your time and consideration. We look forward to your response.

Sincerely,

****John Matthews****

****Operations Manager****
