New York 22, New York

Dear Mr. Ehrhardt:

Tentative P D Spec 7336-K
Inerteen

We are sending you herewith two copies of our tentative Purchasing Department Specification 7336-K covering Inerteen.

This specification has been recently revised to cover the Inerteen which you are furnishing to our Sharon Works containing .20 per cent phenoxypropene oxide as Item 7336-9.

Please submit this tentative specification to your Engineering Department for review and let me know preferably not later than August 28, 1952, if this specification is satisfactory to you for your use in furnishing this material to our Sharon Works.

Very truly yours,

D. A. Riggs
Purchasing Agent
