Mr. Don G. Fowler, Project Manager
Lead Industries Association, Inc.
292 Madison Avenue
New York 17, New York

Dear Don:

I send you herewith a carbon copy of the paper which I gave at the meeting of the Association of American Battery Manufacturers, Incorporated, in Chicago last Thursday.

So far as I am concerned, you are at liberty to reproduce this for distribution in any manner that may be suitable to yourself and your associates in Lead Industries Association. I would suppose the other Association (American Battery Manufacturers) intend to reproduce this paper in some manner, and that you will need to obtain their consent to your own efforts in this direction (or that you may share the procedure with them).

With kindest personal regards.

Sincerely,

RAK:vr
