

LEAD INDUSTRIES ASSOCIATION

60 East 42nd Street
NEW YORK 17, N. Y.

Pigments and Chemicals Division

August 29, 1956

SUBJECT: TENTATIVE AGENDA

To Members of the Red Lead Technical Committee:

With further reference to a meeting of the Red Lead Technical Committee to be held on September 18, 1956, notice of which was sent you on August 9, a tentative agenda follows. I would like again to emphasize that for budget reasons recommendations for 1957 activities must be decided upon at the coming meeting and consideration should be given to the possibility of special activities directed toward the new federal highway program. I would also like to remind the members of the committee that the meeting will be held in the Association's new offices, Suite 2020 in the Lincoln Building, 60 East 42nd St., New York.

Tentative Agenda

1. Approval of minutes of previous meeting of June 4 and 5, 1956.
2. Reports of W. E. Adamson
3. Recommendations for 1957 activities.
4. American Car and Foundry Division letter of August 23, 1956. (Exhibit A attached)
5. Progress reports on L.I.A. Projects 1b, 21 and 23.
6. Progress report on Red Lead Technical Letter devoted to specific applications.
7. Rust-Oleum letter dated April 27, 1956. (Exhibit B attached)
8. Report by Dr. Carrick on test program to evaluate formulations for hot stack painting.
9. Report by Dr. Carrick and Mr. Whitford on hot spray applications investigation.
10. Improved storage of red lead paste.
11. Flaked lead in red lead formulations.

Very truly yours,

John F. L. [Signature]
Secretary
