DATE: 1982 Jan 26

DOC#: GY058

DOCUMENT DESCRIPTION: Memo RE Asbestos Training Program

4842

January 26, 1982

To: Safety Managers
Training Managers

Subject: Asbestos Training Program

The Corporate Industrial Hygiene/Manufacturing Training 20 minute slide/sound program on Safe Procedures for Handling and Disposal of Asbestos Materials is being distributed per the attached list. If your plant is involved in any renovation, thermal piping stripping or removing other types of insulation that may be contaminated with asbestos, please contact Corporate Industrial Hygiene for a copy of the program and associated training aids.
