To J. G. Dopper - Conoco Chemicals - Houston
From J. A. DeBernardi
Date May 10, 1982
Subject VCM Specifications for Uniroyal for B.F.G. Facilities

The specifications proposed in your letter of May 4 on the subject are acceptable to the VCM Plant. However, I must caution you that it is possible that there can be times when our product may not meet the monovinylacetylene and/or acetylene specification therefore making shipments to Uniroyal impossible unless a waiver is received. Should this problem occur we will be in touch with you to obtain the shipment waiver.

A handwritten signature in cursive script, appearing to read "J. A. DeBernardi".
