The Kettering Laboratory
College of Medicine
Eden Avenue
Cincinnati 19, Ohio

Attention: Robert A. Kehoe, M.D.

Dear Doctor Kehoe:

I appreciate, very much, your letter of June 29, 1951, relative to the health hazards recently at the American Crucible Products Company, Lorain, Ohio.

I am, indeed, glad that you have undertaken to study the problems of this plant, and a copy of your report has been handed to me. I understnad, of course, that it will take time to correct the situation existing at this plant, but from the findings of both the State Health Department, and of your group, it is evident that correction should be made.

I appreciate your letter, and wish to assure you that if we can assist in any way, we shall be very glad to do so.

Again, thanking you, I am,

Sincerely yours,

I. C. Riggan
I. C. RIGGIN, M.D.
Health Commissioner
