Committee to Draft Dust and Fume Code

TO assist the Massachusetts Department of Labor and Industry in the preparation of rules and regulations for the control of hazardous dusts and fumes in the manufacturing establishments of the state, Commissioner James T. Moriarty has appointed the following committee:

Joseph C. Aub, M. D., Collis P. Huntington Memorial Hospital.

E. H. Ballard, general foundry superintendent, General Electric Company.

John Daniels, legislative agent, Associated Industries of Massachusetts.

Philip Drinker, professor of Industrial Hygiene, Harvard School of Public Health.

Laurence Foley, international president, Granite Cutters International Association.

SAFETY COUNCIL REPRESENTATIVES
District 1—General John H. Sherburne, Attorney, Boston, (Massachusetts Safety Council).

District 2—Walter Dent Smith, president and manager, Delaware Safety Council, Wilmington, Del.

District 3—Judge Lee E. Skeel, Common Pleas Court, Cleveland, Ohio. (Cleveland Safety Council).

District 4—George G. Traver, manager, Chicago Safety Council, Chicago.

District 5—E. J. O'Brien, Jr., president, E. J. O'Brien & Co., Louisville, Ky. (Louisville Safety Council).

Class B and C Councils:
E. L. Hasskari, Pennsylvania Power & Light Co., Allentown, Pa. (Lehigh Valley Safety Council).
Lyle H. Gift, Safety Council, Association of Commerce, Peoria, Ill.

SECTIONAL REPRESENTATIVES

HENRY W. BOGESS, Sinclair Prairie Oil Co., Tulsa, Okla. (Petroleum).
C. B. BOULIER, Wisconsin Public Service Corp., Milwaukee. (ASSE-Engineering).
H. W. BOULTON, The Murray Corp. of America, Detroit. (Automotive and Machine Shop).
R. A. CHAFFIN, Continental Steel Corp., Kokomo, Ind. (Metals).
S. B. HORRELL, The Carey Salt Company, Hutchinson, Kans. (Food).
PROF. ROSSA L. MORRISON, University of Michigan, Ann Arbor, Mich. (Street and Highway Traffic).
T. A. WILSON, North Carolina Industrial Commission, Raleigh, N. C. (Textile).

PAST PRESIDENTS

Robert W. Campbell, Los Angeles, Calif.
Lew R. Palmer, The Equitable Life Assurance Society, New York City.
Chas. P. Tolman, Boyle, Tolman & Travis, New York City.
Arthur H. Young, Carpinteria, Calif.
Marcus A. Dow, Greyhound Management Company, Cleveland, O.
Lewis A. DeBlois, consulting engineer, New York City.
Charles B. Scott, Bureau of Safety, Inc., Chicago.
Walter G. King, American Optical Co., New York City.
Lieut.-Col. Henry A. Reninger, Lehigh Portland Cement Co., Allentown, Pa.
C. Eugene Pettibone, American Mutual Liability Insurance Co., Boston, Mass.
Carl W. Bergquist, Western Electric Co., Hawthorne Works, Chicago.
James I. Banash, Consulting Engineer, Chicago.
John E. Long, The Delaware & Hudson Railroad Corp., Albany, N. Y.
Cassius H. Watson, M. D., American Telephone & Telegraph Co., New York City.

Francis T. Hunter, M. D., Massachusetts General Hospital.

William M. Rand, president, Merimac Chemical Company.

Robert J. Watt, secretary-treasurer, Massachusetts Federation of Labor.

Stephen E. Whiting, chief engineer, Liberty Mutual Insurance Company.

In the field of industrial dust control, the current undertaking is a sequel to the investigation and report of the Massachusetts Industrial Disease commission of 1933-34 and the finding of the Granite Dust Control Project conducted by the Department's Division of Occupational Hygiene during 1935 and 1936.

Communist Father: "So you were caught playing truant? Why did you stay away from school?"

Son: "Class hatred, Dad."

OVAL BAG ADVANTAGES

ADVANTAGES that have earned up to 27 installations from a single customer. The advantages of both round and envelope types. Increased filtering area, thorough discharge, almost instant bag replacement, no frames, wires or screens. The Parsons Dust Arrestor is a rugged, simple unit assuring you of low dust count, long service and negligible maintenance... "Let Parsons engineering clear the air for YOU."

PARSONS

Engineering Corporation

3593 East 82nd St., Cleveland, O.

A typical Parsons semi-automatic installation in which none of the operators works inside the room.
