Dear Keith:

Vista has recently formed a biological technology section and has added several new staff members in our R & D facility. Based on these additions, please make the following changes and additions to Vista's committee assignments:

1. Dr. David Penny, Research Manager/Toxicologist should replace me on the Risk Assessment Subcommittee.
2. Dr. J. E. Heinze should be added to the Non-Animal Testing Research Subcommittee.

Please let me know if you have any questions on the above. The mailing address for both is 12025 Vista Parke Drive, Austin, TX 78726.

Sincerely,

Thomas G. Grumbles, C.I.H.
