Director of Environmental Health
Lead Industries Institute
292 Madison Ave.
New York, N. Y. 10017

Dear Jerry:

This letter is to confirm our verbal conversation of March 25. The Illinois Chapter of the American Academy of Pediatrics is most pleased that you will be able to deliver a paper on the role of industry in preventing Childhood Lead Poisoning. As the program now reads, your paper is scheduled for approximately 2:30 p.m. May 10. As soon as the final program has been printed, I will rush you a copy.

I will soon be in contact with you to finalize arrangements for the upcoming Conference. If at any time you feel I may be of assistance to you, please don't hesitate to contact me. For the present time I think it will suffice to say that the Illinois Chapter is delighted that you've agreed to join us.

Sincerely yours,

Marty G. Dale, Assistant Director
Department of Chapters
