

Buenos Aires, October 23rd. 1941

Dr. Robert A. Kehoe
Kettering Laboratory of Applied Physiology
University of Cincinnati
Cincinnati, Ohio, U.S.A.

Dear Dr. Kehoe,

Many thanks for your letter of September 16th.
enclosing copies of letters from Mr. Grubb to Mr. Goux and from you to
Mr. Michler.

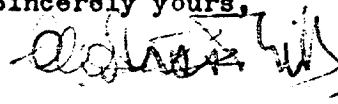

The views you express in your letter to Mr. Michler
coincide with those I myself expressed to the West India people in Chile,
and you may be interested in the enclosed copy of a letter which I wrote
to Mr. Humpstone on July 2nd.

I am writing Dr. Ovalle along the lines you suggest and
am forwarding him the various reprints in Spanish.

Regarding Dr. Cruz Coke, the people in Chile are finding
it increasingly difficult to get in touch with him and it may become
necessary to make some other arrangements. However, I do not want to make any
recommendation just yet as I would rather see how things work out.

My family joins me in sending best regards to you and
Lucile.

Sincerely yours,

CLRG:ED
