

LOW COST PROTECTION for EXPENSIVE EQUIPMENT

WRIGHT-AUSTIN

Catalog 500 covers the line of separators, purifiers, exhaust heads for steam, air and gas.

SEPARATORS

Installation of the compact 31-N and other W.A. separators and purifiers will guarantee freedom from damaging entrainment, oil, rust, scale and condensate in your power lines.

STEAM TRAPS

Operation of W.A. traps is simple, fast-proof. Installation has been made easy and service can be performed with minimum effort and time. Catalog 600 describes the wide range of W.A. traps for steam, air and gas.

BOILER TRIM

Provisions for greater safety to equipment and worker plus peak efficiency is available at low cost in this line of 18 accessories.

Catalog 700 describes the complete line of alarms, gauges, controls, etc.

grams, full specs and application data. Bulletin GBA-578, General Electric Co., Schenectady 5, N. Y.

33 Mini thermometers for long distance measurement of process variables. Two-color, 16-page booklet. Photos, installation diagrams, complete specs. Bulletin 467, Foxboro Co., Foxboro, Mass.

34 Temperature, pressure, vacuum and compound recording instruments. Two-color, 8-page booklet. Photos, diagrams, application and performance data. Folder ND46-81(1), Leeds & Northrup Co., 4934 Stanton Ave., Philadelphia 44, Pa.

35 Oxygen recording equipment based on the paramagnetic principle. Two-color, 8-page booklet. Photos, diagrams, application and performance data. Folder ND46-81(1), Leeds & Northrup Co., 4934 Stanton Ave., Philadelphia 44, Pa.

36 Process control data book and thermocouples, radiation detectors, resistance bulbs and accessory equipment. 48-page booklet. Photos, dimension sketches, full specs. Catalog TC-1, Harbor-Coleman Co., Rockford, Ill.

37 Venturi-type, inferential meter for accurate measurement of fluid flows over wide ranges. Two-color, 16-page bulletin. Photos, cutaway and sectional views, full specs. Bulletin 860, Simplex Valve & Meter Co., Philadelphia 42, Pa.

38 Instrument for rapid and precise multiple indication of any variable that can be transformed to millivolts. Illus. 3-page booklet. Bulletin 1641, Minneapolis-Honeywell Regulator Co., Wayne and Windrim Ave., Philadelphia 44, Pa.

39 High-frequency pressure cells for measuring rapidly changing pressures up to 10,000 psi. Illus. leaflet with full specs. Bulletin 4107, Baldwin-Lima-Hamilton Corp., Philadelphia 42, Pa.

PIPING, VALVES, SPECIALTIES

40 Data-booklet on selection and sizing of pressure relief valves is comply with ASME Boiler Code requirements. 14 pages. Complete data for accurately determining outlet of all types of boilers, tanks and heaters. McDonnell & Miller, Inc., 5600 N Spaulding Ave., Chicago, Ill.

41 Low pressure gas valves carrying UL approval for 400 lb WOD pressure rating. Two-color, 4-page folder. Photos, cutaway views, full specs. Fairbanks Co., 293 Lafayette St., New York 5 N. Y.

42 Air and hydraulic valves, valve couplings and accessories. Two-color, 12-page booklet. Photos, sectional views, full specs. Catalog 511, C B Hunt & Son, Inc., Salem, Ohio.

43 Expansion joints and flexible metal hose. Two-color, 14-page booklet. Photos, energy data, full specs. Catalog CMJ-138, Flexonics Corp., 1951 S 3rd Ave., Maywood, Ill.

44 Retaining shaft seals custom engineered for all applications and designed for higher rpm, temperature, pressure. Two-color, 6-page folder. Photos, cutaway, application information. Cartliss Corp., 1815 W Tenth Ave., Lincolnwood 45, Ill.

45 Pressure-temperature ratings for more than 800 grades of pipe in common use in power plants. Two-color, 12-page tech bulletin TBI-1983, Pipe Fabrication Institute, 815 Clark Bldg., Pittsburgh 22, Pa.

46 Plant and tower valves. Two-color, 16-page catalog. Cutaway photos, sectional and dimensional drawings, energy data, complete specs. Catalog 107, Schade Valve Mfg Co., 1817-21 N Bodine St., Philadelphia 33, Pa.

47 Steel pipe and tubing for high-temperature services in oil refining and power industries. Two-color, 6-page folder. Complete data for series

Reverse the Wear...

CAST
IRON

VANDERLOY M

PORUS-KROME

VAN DER HORST

Porus-Krome is a dense, hard, wear and corrosion-resistant chromium, produced by the Van der Horst Corporation of America, and which gives working surfaces an infinite number of tiny oil-retaining reservoirs for perfected lubrication.

U. S. PATENTS
2,048,574, 2,314,404 and 2,412,498

Why bother to have your liners oversized? Reverse the effects of wear — have your-liners Van der Horst processed!

With VANDERLOY M we can plate back any liner you have to original size — and with PORUS-KROME* we can keep it that way.

A PORUS-KROME liner outwears as many as four unprocessed liners. Meantime, it uses less lube and fuel oil, delivers more power and is much easier on rings.

When such liners finally need replacing, simply slip in another set of Van der Horst RE-STANDARD-Sized liners — and send the worn ones back to us for renewal again.

Even liners you'd normally scrap are restored to original dimensions and each renewal pays for itself — several times over.

Of course the real profit comes when you eliminate the cost of stocking oversize parts — simply by having Van der Horst "reverse the wear" on all your liners. Let us show you how much can be saved by making this your standard practice.
