—How Big in 5 Years

paint will be good more years hence, if lied. Cheap paint, e, starts cracking in

aint covers that you —not merely a few on in first cost.

t does not spread as r as good paint. So re labor and square cheap paint on the ist as much as good

practically every instance, ve you can buy. faces to rot. It costs less

The paints specified by Fuller are the result of 72 years' experience in the making of all kinds of paints, varnishes, etc., for western use.

We use the best materials, PURE PIONEER WHITE LEAD, pure linseed oil, zinc and color as others do, but we combining them with a 72 years' knowledge and long-time skill.

Our white-lead base is finely ground pure white. It must pass through a silk screen with 40,000 meshes to the square inch. We use special machines for mixing the materials in scientifically exact proportions.

So Fuller colors are exceptionally clear-toned and Fuller house paints are noted for covering capacity, ease of spread and great durability.

If you want from five or more years' protection for your property investment, get Fuller's western paint for western weather conditions—a paint you know.
