

To: Mr. K. Hamilton - Corporate Safety

May 23, 1972

From: J. J. Marino - Quigley

Subject: Non-Asbestos Insulation

As we discussed, I am attaching a copy of a letter from the City of Philadelphia responding to inquiry to use of our non-asbestos insulation in that city.

Two names of "Qualified Experts" which were given to our local sales representative are:

Mr. Herbert Stockinger (PhD)
National Institute Occupational Safety & Health
1014 Broadway
Cincinnati, Ohio
Tel: (513) 684-2683

and,

Mr. Paul Gross
Director Research Laboratory
Industrial Health Foundation
5231 Center Ave.
Pittsburgh, Pa.
Tel: (412) 687-2100

In an attempt to avoid divulging our formula, you have indicated you will try to locate a "qualified expert" who has worked with us before who may be acceptable to the City of Philadelphia.
