R. J. PENTIA
PHOTO PRODUCTS DEPARTMENT
BURBANK, CALIFORNIA 91505

5-YEAR LEAD STUDY

Thank you for informing us that Dr. Arnold E. Weyman has replaced Dr. William F. Eschrich as examining physician for the Burbank, California, Photo Products Department.

I am sending Dr. Weyman copies of background information and the protocol for the lead study as well as the supplies necessary for sample collection.

A new set of labels for the subjects on the study was just mailed to Dr. Eschrich on December 31. Would you please see that these are turned over to Dr. Weyman.
