Following are action items developed in our meeting on February 25:

1. S & T will draft a description of existing procedures to assure PVC is not contaminated between the plant and customer.
2. Don Barclay will provide JCL a copy of instructions. S & T plans to give to ex-plant facilities on how to handle PVC. JCL will distribute by 2/23.
3. Next meeting will be 3/6, 9:00-10:00, Room 8-068.
